Foreword

The busy summer activities are once again relinquished and the first day of a new school year begins. Many friendships are renewed as the students walk from the gymnasium to their respective classrooms and teachers. During the first two months, Sophomores exercise their power over the Frosh, Juniors are bewildered by essays, and Seniors wonder if they will graduate. Social events, football games, and new clubs are among the Crusader activities. With the coming of November the attention is placed on the big game, which as anticipated by all, was an overwhelming victory. December proves to be one of the best loved times during the year. With the outlook of a long vacation, last minute preparations are made to acquire knowledge which will be lost during the Yuletide.

Returning to school on January 6, Crusaders are saddened by the fact that it is mid-year exam time. Meanwhile basketball, debating teams and book reports keep the students occupied and looking forward to that week off in late February. During Lent the attraction is penance, in this case, homework. Cultural activities become the main attraction. With the Science Fair and Debate Tournaments, the N.D. gym becomes an intellectual haven.

April brings the final quarter, and the athletes take to the outdoors again. By this time the upperclassmen wonder if they can get money and a girl for the Prom. In the wink of an eyelash it is June. To the seniors it will be a memorable one, for on June 13, their high school days will be over, and while the other students will dream of next year's school term, the graduates will think on what the future holds in store for them.

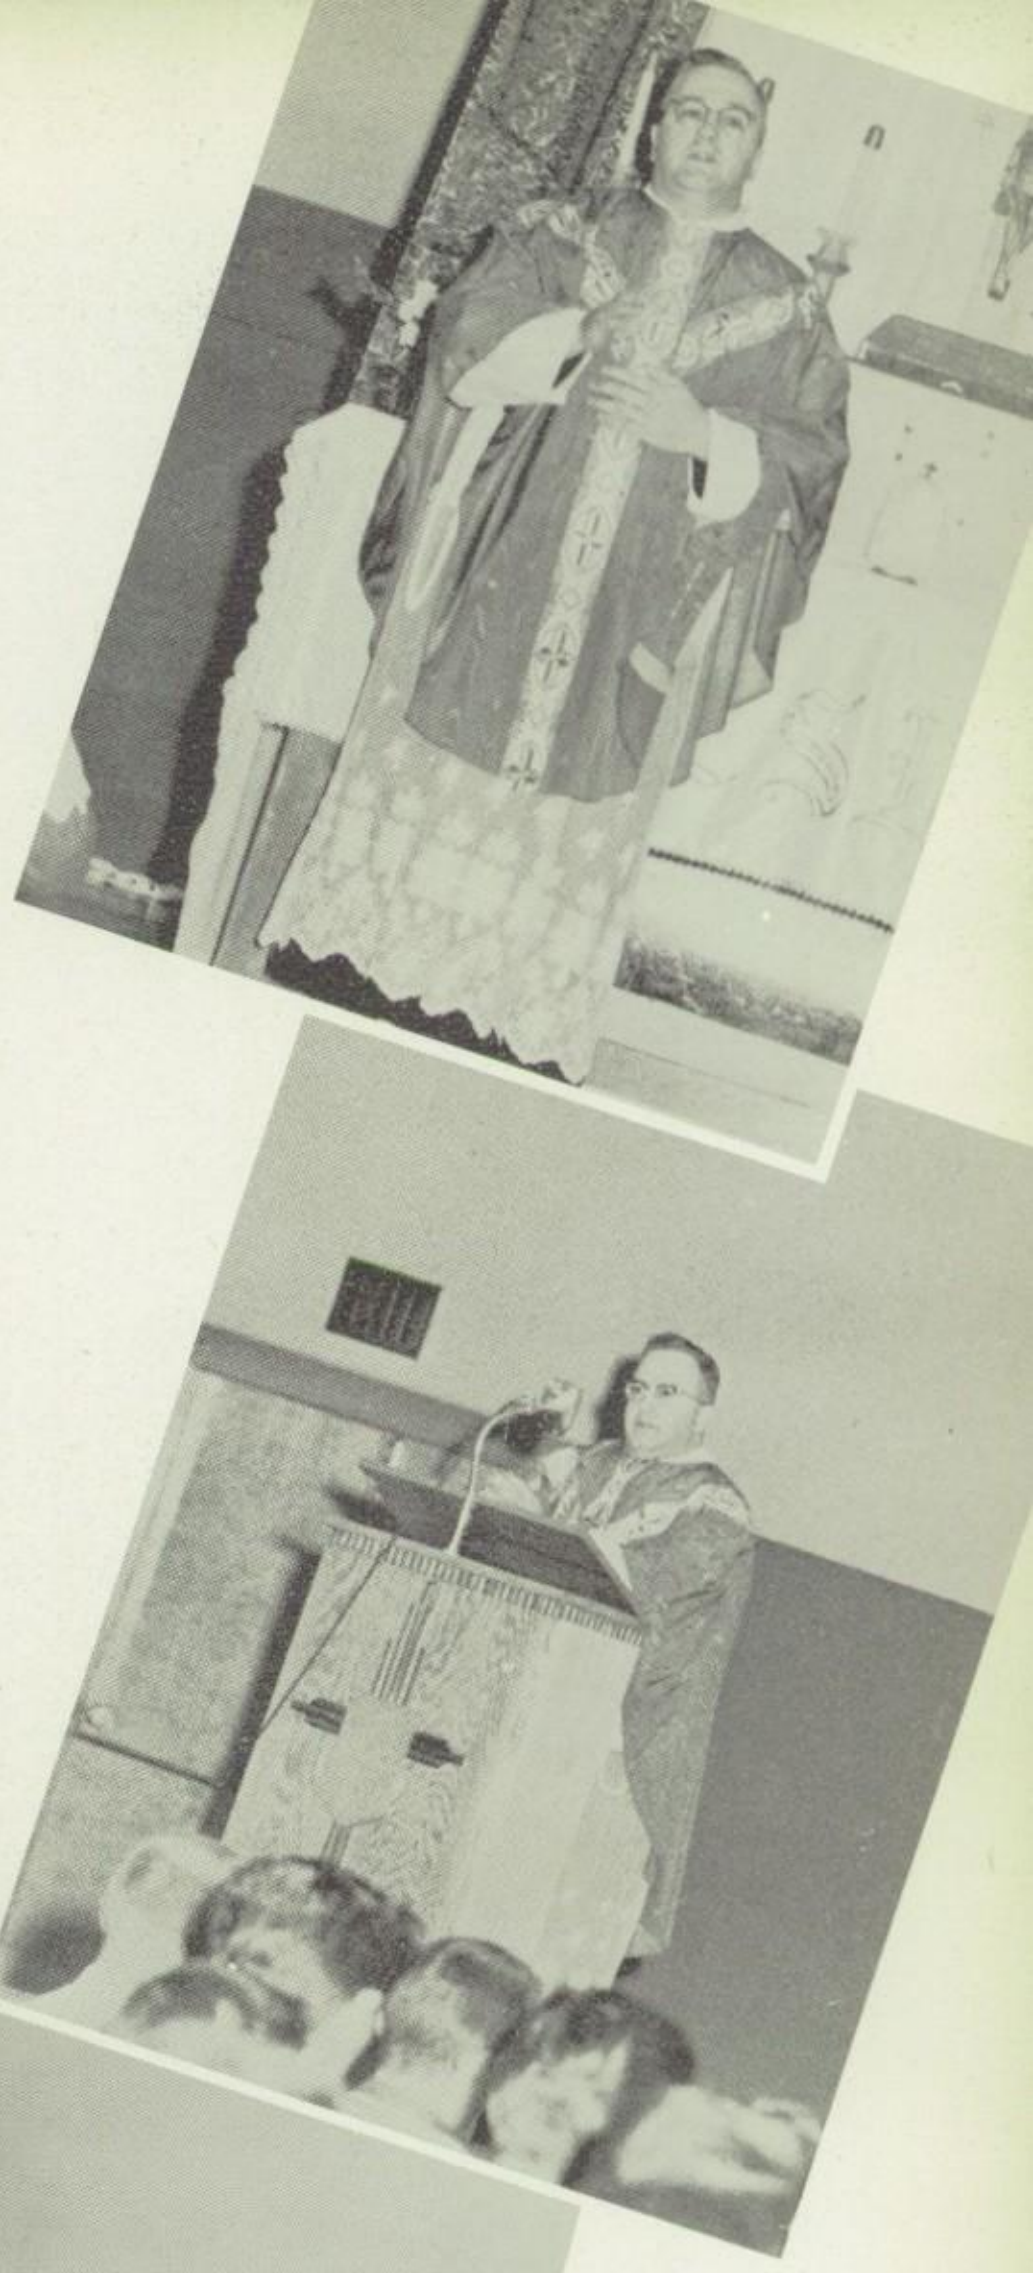
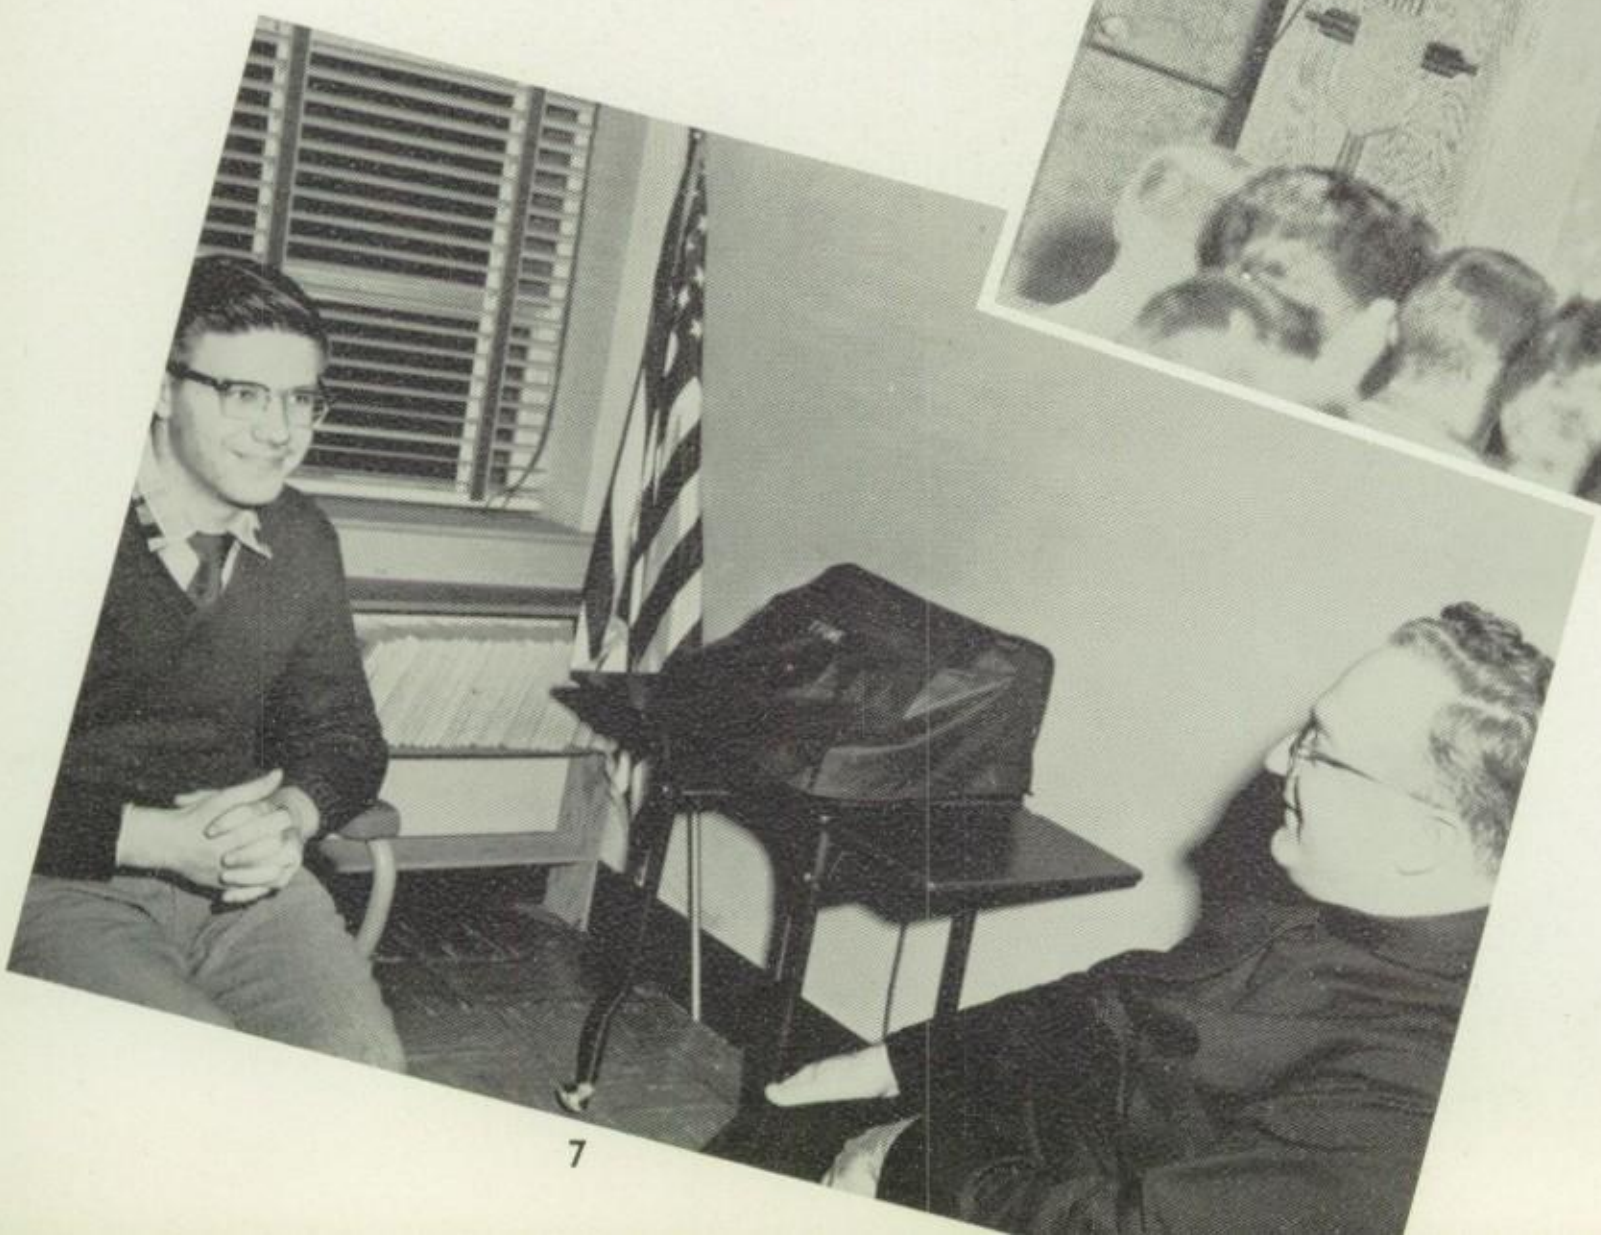
DEDICATION

REV. J. CHARLES GENDREAU

To Reverend J. Charles Gendreau of St. Cecilia's Parish in Leominster, and the spiritual guide of the Crusaders since the foundation of the school six years ago, this 1957-1958 Crusader Yearbook is dedicated in grateful appreciation. Truly incalculable are the rich harvests of spiritual blessings that the Notre Dame faculty and student body have reaped from his priestly zeal and teachings.

A completely devoted servant of the Master, he has spread the light and truth of the Gospel to youth in the trying and difficult times in which they live. To their young, impressionable minds he has ever been a model of trust and fidelity to a chosen way of life. Blessed with great personality, his personal magnetism has attracted the young Crusaders who have come to him as to their spiritual father to unburden their mind and heart in complete confidence. May Notre Dame youth long continue to be guided by such a man of God!





August

When the long summer days begin to play with the shadows around dusk in late August, there is an air of expectancy teachers and students await with cocked ears for the bells that will toll the new scholastic year.

In the Putnam mansion on South street where the Notre Dame faculty resides, the old faces welcome the new, because the school nominations issued by the Provincial of the New England Province, Brother George-Aime, S.C., on Assumption Day has brought about a new alignment in the teaching ranks. Founders and veterans leave with regret, and the new arrivals are greeted with gladness.

The Call of Religious Obedience

REV. BRO. GEORGE AIME, S.C.

Provincial Superior

Religious life, especially in a teaching order like the Brothers of the Sacred Heart, is similar in many ways to military life, but particularly in the bond of obedience that controls and welds all individual action into a concentrated community force of influence.

The supreme authority of the Brothers of the Sacred Heart is the Superior General whose power is delegated to subordinates who guide over large sections of the Order called provinces. These men are called Provincial Superiors.

The Provincial Superior of the New England Province is Reverend Brother George Aime, S.C., from whom the individual teaching Brothers receive their yearly teaching assignment with a corps of men who will constitute the teaching faculty of a particular school in the province.

On August 15, 1957, the feast of the Assumption of Our Lady, Brother Provincial again proclaimed the nominations for the coming school year. As a result, veteran staff members, Brother Gerard, Brother Adrian, Brother Vincent, and Brother Gregory, departed for other schools and were replaced by Brother Celestin, Brother Aubin, Brother Bosco, Brother Berchmans, Brother Gabriel, and Brother Linus. The newly organized faculty pledged itself to work in close harmony in the Christian education of all Notre Dame students.

BROTHER FREDERIC, S.C.

The Notre Dame faculty is under the enlightened direction of Brother Frederic, S.C., school principal and director of the Brothers since 1956.

He has tirelessly tried to capitalize the teaching wealth of the faculty and to give to each member the work most suited to his abilities and attainments.

As school principal he has showed great administrative qualities in guiding the educational policies of the young Crusaders. Interested in all phases of student life, he has been both a guiding patron and a wise counsellor in the many scholastic and extra-curricular activities of Notre Dame students.

Every Brother of the Sacred Heart has the challenging task of personal sanctification and the Christian education of youth. Time is a most essential element in the pursuit of both aims. Therefore the Brothers' day is carefully planned so that every personal and educational task will receive its alloted time without any useless loss of effort and concentration.

The Brothers rise early in the morning to ask the Sacred Heart and His Blessed Mother in their morning prayer, meditation, and Mass to bless the new day. In these exercises they seek the spiritual strength to carry on the day's serious tasks. After a quick breakfast in silence, the Brothers attend to last minute preparations before class. The class day which may call on the Brothers to teach a various number of subjects to hundreds of boys continues even after class hours in the numerous activities that the school organizes. It is often late afternoon when the Brothers return to the residence for a well-deserved rest. The Brothers then engage in their evening devotions followed by supper. In the evening the Brothers enjoy their first real get-together of the day in the community or recreation room. Here they chat, discuss the day's happenings, play cards, read newspapers and magazines, or enjoy radio and television. Later in the evening the Brothers retire to their rooms for correction of papers and the preparation of next day's class. This is followed by night prayers after which the Brothers retire full of the merits of the servants of the Divine Teacher.

Brother Sebastian, S.C., and Brother Hermas, S.C., members of the school's administrative council, discuss school policies.

September

In the early days of September the wheels of scholastic progress begin their slow but relentless pace as the doors open and shut on another capacity throng of four hundred and more. The seniors and underclassmen move about with an air of acquired certainty and experience, while the starry-eyed and timid freshmen slowly plod their way, their faces blanched with expectant doom. The principal, Brother Frederic, S.C., speaks the words of welcome and then quickly dispels the students' curiosity for their teachers and classes. On the second day the students attend the Mass of the Holy Ghost in the gym and hear from their spiritual advisor, Father J. Charles Gendreau. And so now they march to their task like the Crusaders of old.

Path.

The Grand Opening

School opened its doors on Wednesday, September 7, for the '57-'58 scholastic year with 402 students enthusiastically attending.

As in previous years the faculty and student body first went to the opening session in the gymnasium under the direction of the principal, Brother Frederic, S.C. There they were divided into different groups. As soon as they were named, the students and the teachers proceeded to their individual rooms where they got acquainted. The first school day was concluded at 9:30 o'clock in the morning.

The second day the boys returned with as much enthusiasm as the first day. The students again went to the gym to implore the blessings of the Holy Spirit on their new school year. For this purpose Father Charles Gendreau, School chaplain, said the Mass to the Holy Ghost and encouraged them in a very few words to make the coming year a spiritual and scholastic success. After Mass the boys returned to their homerooms to briefly make the round of their periods. They were then dismissed to enjoy the "Teachers' Convention Weekend," held in Worcester for the Brothers and Sisters.

Enjoying the last minutes of their summer vacations are the new school year students.

The Class of '61

School like life has many beginnings and endings. Every June untold numbers of graduates leave their cherished Alma Mater to commence their college or business life. But in early September a new hope is born in all these schools as the oncoming freshmen bring the promise of future greatness and continuity to the school. Thus on September 3, 1957, Notre Dame welcomed 120 Freshmen from 17 different cities and towns and 30 parishes in Massachusetts and New Hampshire.

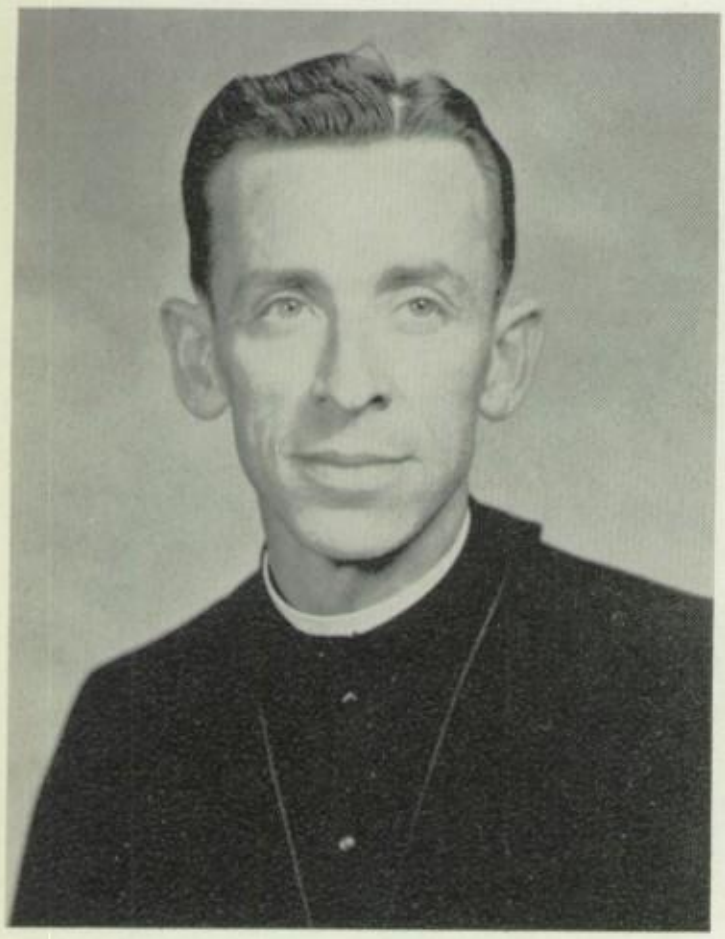
Crusaders Answer Gridiron's Challenge



BROTHER EUCLID, S.C.

Junior Class Advisor, History and English teacher, football moderator, bus driver, sports equipment manager, dance committee Faculty Advisor.

On the fourth of September Head Coach Jack O'Grady with line coaches Guy DiBenedetto and Ernie Nole welcomed well over fifty football candidates. These candidates trained five days a week for two months, and the result of their work was told in the fine record they achieved this year of six wins and one loss. The team practiced mostly at Coolidge Park, thanks to the continued cooperation of the Park Department.

Freshmen Turn Stadium Builders

On September 21, about thirty freshmen answered the call for Saturday help to complete the newly cleared field on South Street at the entrance to Coggshall Park. From the field several tons of rock and debris were collected and cleared off.

Brother Armand secured a city grader and truck and also a tractor belonging to the father of Leon Chapdelaine, '59. After having cleared off the field they covered it with hay to protect an earlier seeding. Thus the freshmen proved good workers and their school spirit.

Students Go Into Business

The annual Junior Achievement Day was held here in the gym for the sophomores and juniors on Wednesday, September 26, at one o'clock.

The purpose of Junior Achievement is to teach young people the workings of business in all its phases such as planning, production, management, and selling.

Speaker on hand for the occasion was Mr. Edward Armstrong from Simonds Saw Co. who gave an interesting talk to the young enthusiasts. Afterwards he distributed membership blanks to the interested hopefuls.

Crusaders Trounce Tool Towners, 25-6

The Crusaders opened the 1957 season on the right foot by soundly trouncing Athol High, 25-6, at the Bernardian Bowl. No less than four players were responsible for the Notre Dame tallies as Don Casacca, Jerry Chester, Ronnie Duval and Alan Stewart all entered the scoring column with gallops of 35, 65, 10, and 65 yards respectively. Casacca's gallop was on a Peralta pass. Coach O'Grady substituted freely throughout the game. Phil Mallett scored for Athol in the fourth quarter.

Cheerleaders V. Goguen, R. Larkin, S. Barry, and P. Lagoy lead the Crusaders during the football rally.

October

With the falling of the leaves rolls in the month of October, bringing with it the short graying days and cold nights. This is the time of year when the student's fancy turns from the outdoor life to his intellectual ideals. This is also the time of year which brings the birth of scholastic, cultural and athletic pursuits, which all play a part in grouping together the students to form a warmer school spirit.

Notre Dame Host to N.F.L. Congress

For the second consecutive year the Notre Dame Forensic Association opened its busy debate schedule by playing host at the South Street school to sixteen high schools from every state in New England. It was the first Student Congress of the district National Forensic League for the new scholastic year.

The hospitality and organization rendered by the Notre Dame debate officers as a result of careful planning was once again lauded by the participants at the Congress, and especially by the chairman of the New England district, T. C. Abbey.

The fine reputation enjoyed by the school in the New England circles helped to draw a participation of well over two hundred debaters, this being the largest Congress in three years.

Maintaining the Notre Dame dignity and promoting its prestige in debating was Richard Smith, vice president of the school league, who was elected Speaker of the House of Representatives at the Congress. Various topics of recent political and economic interest were discussed by the forensic men.

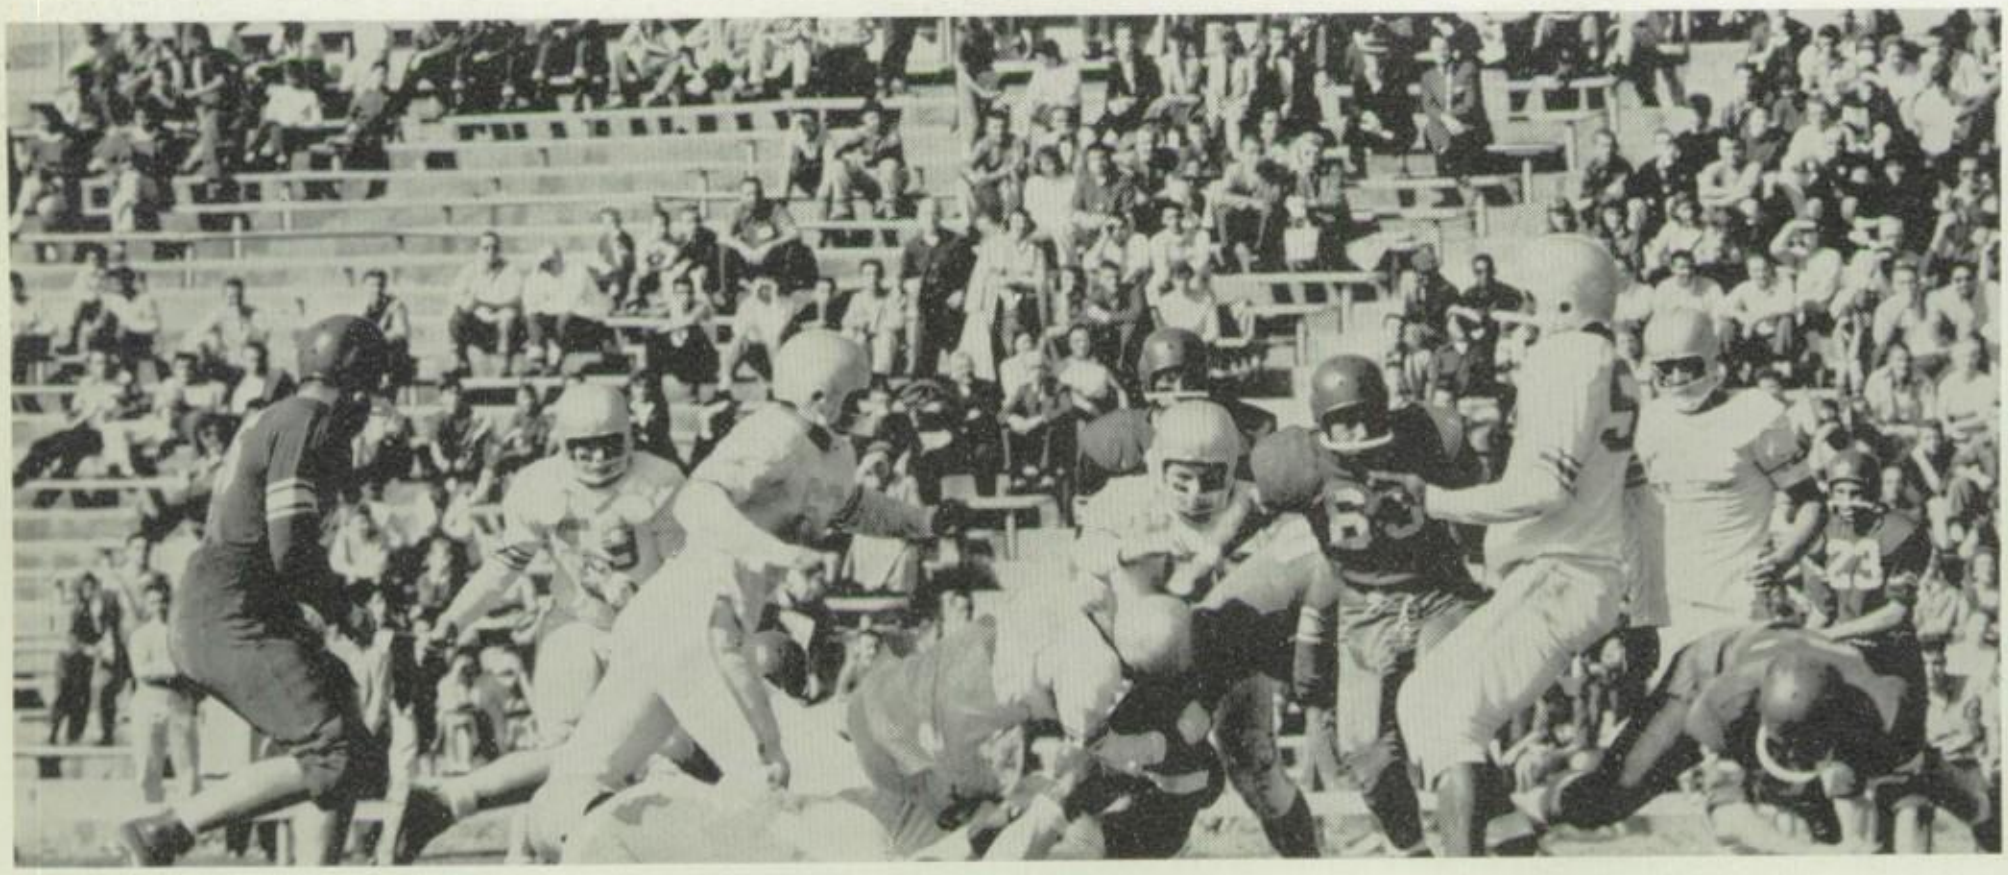
Southstreeters Whip Red and Gray, 13-7

By virtue of its 13-7 victory over intra-city rival, Fitchburg High, Notre Dame staked the first major claim to the city championship. Throughout the game, the Crusaders displayed a superior running attack, which, combined with a stout-hearted defense, stopped the highly-touted Red and Gray.

Midway through the first period, the Crusaders drew first blood on a Peralta to Duval aerial and added a second score when Tommy Peralta scored from two yards out. Jerry Chester converted for the final N.D. score. Pete Stephens bulled his way in the fourth quarter for the Fitchburg team.



Fierce line play results in no gain for Fitchburg ball carrier.

A stubborn Maynard High eleven was the victim as Notre Dame racked up its fourth consecutive victory without a setback as they nosed the "Milltowners," 12-9. The Little Irish displayed an awesome offense throughout the first quarter and then settled down to play a tight-defensive game and halt two Maynard threats on the one-yard line.

A pass from Tommy Peralta to Don Casacca, good for 84 yards, was responsible for the first Crusader score. Shortly after the halftime intermission, Ron Duval ripped through the Maynard defenses for the second tally and 12-0 lead.

The opponents then came to life, but the Blue and White defenses were too strong.

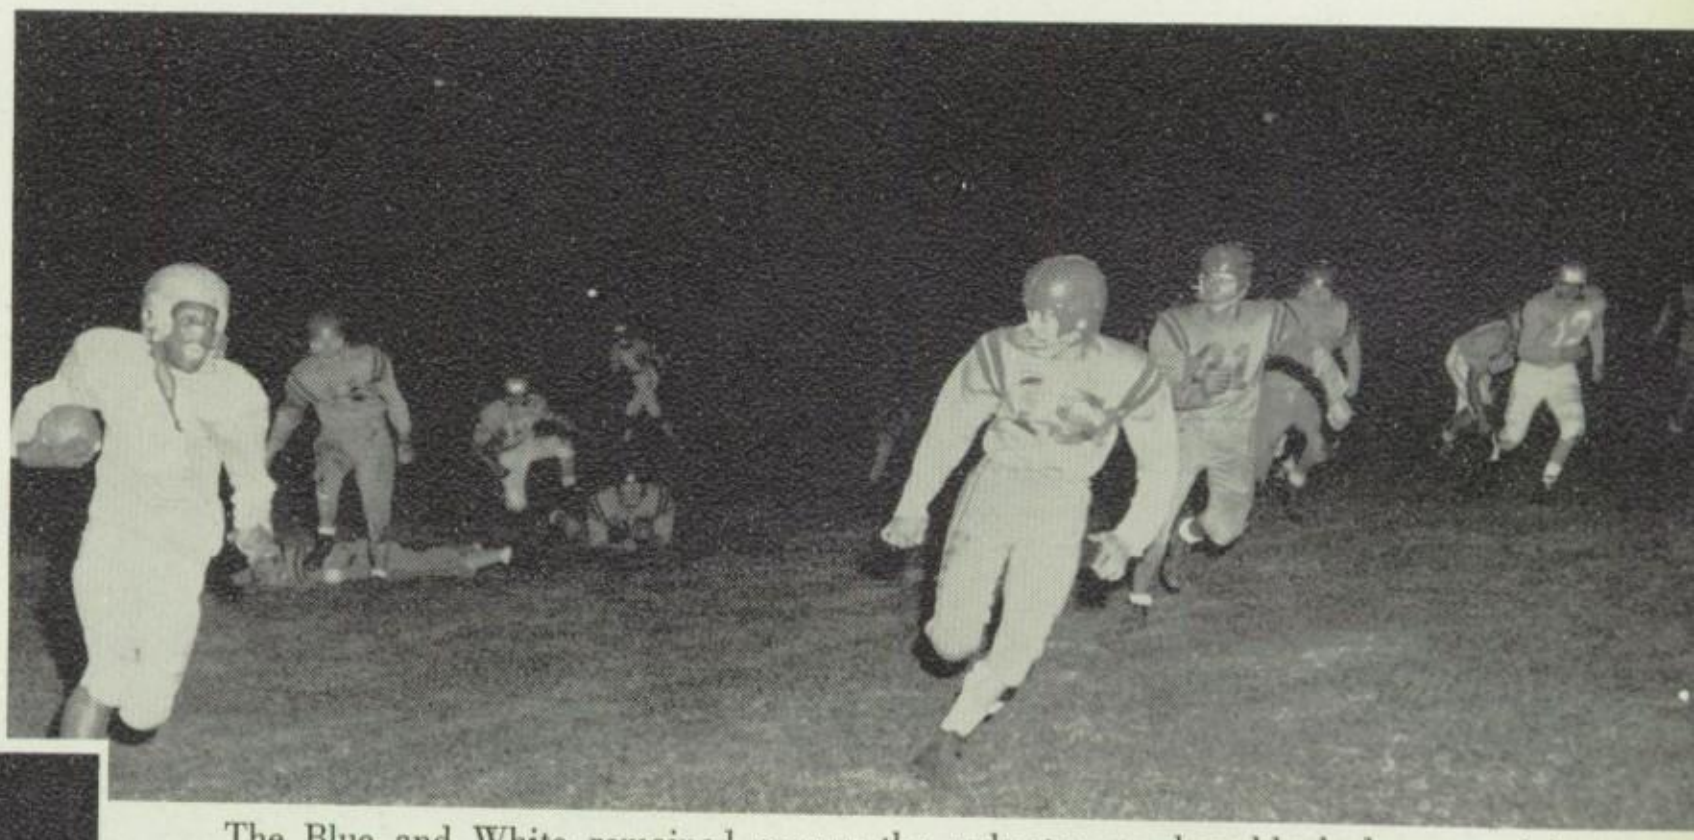
Blue and White Edge Gaels Under Lights, 7-0



The Blue and White remained among the unbeaten as they blanked a surprising strong Clinton High, 7-0, at the latter's Fuller Field. Sparked by the brilliant offensive play of Fullback Ronnie Duval and the defensive play of Guard George Morse, the Crusaders overcame illness and injury on the squad to hold on to a slim one-touchdown lead.

The game's lone tally came in the first stanza when Duval intercepted a Clinton aerial and raced 48 yards to paydirt. Jerry Chester added the point after making it 7-0.

The game ball was presented to Captain Joe Innamorati, who also played a brilliant defensive game.

Confraternities Hold Joint Recollection Day

On October 26, 1957, the Confraternity of the Sacred Heart held a day of recollection for its Senior, Junior, and Sophomore members. During the course of the day six seniors were received into the Sodality of Our Lady. They were Joseph Innamorati, Arthur Innamorati, Richard Chesbrough, Thomas Cyganiewicz, Donald Baker, and Phillip Lagoy. Phillippe Benoit and Richard Smith, who were not able to attend, were received at a later date.

The day started with Mass and reception after which the new Sodalists were enrolled. Spiritual reading followed with a sermon by the chaplain of the Sodality, Father J. Charles Gendreau. Spiritual reading was then resumed and confessions were heard by Father Charles Gendreau and by Father John Gaudet, A.A., of Assumption Prep in Worcester. The services of these two priests were very much appreciated.

At noon, Bro. Cecilius, S.C., senior moderator, gave the call for lunch. Later the rosary was said; there was a sermon by Father Gaudet.

National Catholic Youth Week

During National Catholic Youth Week held from October 27 to November 2, many important religious and installation ceremonies were held in the Notre Dame gym. Foremost activity was the installation of the CYC officers with Rev. Aime DeBlois of Immaculate Conception Parish officiating.

The religious character of the week was admirably brought out by the living rosary. The participants circled the gym with each member reciting his bead before a statue of Our Lady surrounded with rich decor.

The Senior Confraternity made a bold and noble attempt to sanctify the many leisure hours that students spend in their cars by introducing the Sacred Heart therein in the form of a little statue blessed in a religious ceremony.

The climax of the Breakfast was an address delivered by Senator Elizabeth Stanton on the subject, "A Happier, Holier, Healthier Youth."

Seated at the head table for the Communion breakfast besides speaker Senator Elizabeth Stanton were Reverend John Donahue, headmaster at St. Bernards, Brother Sebastian, S.C., assistant principal at Notre Dame, and masters of ceremonies Donald Baker and Ralph Lewis. presidents of their respective school youth councils at Notre Dame and Saint Bernard's.

November

The leaves are falling in November, the long winter cold is setting in, and the Crusaders are called to task for the first time as the dreaded first quarter exams rear their head over the horizon. It is the hour of fruition or of bitter remorse as the students reap what they have sown in the first nine weeks of school.

The gala spectacle of the "Olde Manse" minstrel relieves the tension as we relive with Brother Giles' gifted song group and endmen those careless, carefree days of yore in the deep South. But on the gridiron, where the Blue and White O'-Gradymen have covered themselves with unprecedented glory in winning five of their first six games, tension is mounting as the championship game with rival St. Bernard's approaches. The game comes and ends in glory and our champions are crowned.

Almost every other activity comes into its finest hour of the young school year as the Notre Dame students engage in the numerous activities, religious, intellectual, and cultural, that the school offers.

The Advancing Crusaders Engage With Their Foes and Taste the Sweet Glory of Deserved Triumph.

Blue and White Smacks Brighton Saints, 26-7

The O'Grady men rolled up their fifth straight victory to remain undefeated as they trounced a highly touted St. Columbkille's of Brighton 26-7 before 1000 fans at the Bernardian Bowl. The game was one of the season's best for the Crusaders who combined a hard-running ground attack with great blocking and a charging defense to completely baffle the Green and White. Two players were responsible for all the Crusader scoring—Ron Duval, who accounted for two touchdowns and Jerry Chester, who tallied 15 points. The scores came in the first, second, and fourth quarters on jaunts of 12, 14, 43 and 20 yards.

Linemen Cary Adams and Art Innamorati also turned in brilliant performances.

Riding the crest of a five game winning streak, the Crusaders were finally dropped from the unbeaten ranks by a powerful and heavier St. John's Prep of Worcester, 12-0.

Although greatly hampered by the pre-game injury of Fullback Ronnie Duval, Coach O'Grady's charges gave a good account of themselves. They posed several threats to the Pioneer's supremacy, but were unable to push the ball across the goal line. Linemen Joe DiNatale and Back Alan Stewart played exceptionally good ball.

This defeat, although at the hands of a Class-A team, greatly hurt the Crusader's chances for this District's Class B championship.

The Crusaders put on the greatest show of power ever seen by a Notre Dame football team as they ran roughshod over intra-city rival, St. Bernard's, 45-14. By winning this game, the Crusaders also gained the city championship and the Catholic championship. The Crusader victory was highlighted by the individual performance of halfback Jerry Chester who, aided by the great blocking of his teammates, accounted for 27 points via four touchdowns and three points after. Chester scored in each of the four periods on runs of 79, 89, 22, and 39 yards, accounting for 229 yards. The rest of the Blue and White's scoring was accounted for by a 46 yard run by Alan Stewart, a 22 yard Peralta to Casacca aerial, and a one-yard plunge by Paul Belliveau.

Billy Conlin, Richie Lewis and Jimmy Sherwin played great ball for the Bernardians.

This game closed the Crusaders' season with an impressive record of 6 victories and but one defeat.

The Frosh Squires

Brother Aubin, S.C., popular newcomer at Notre Dame was a very capable moderator for the Frosh Squires. In the classroom he taught French 1 and 2 to four groups and also Freshman Civics.

Herb Nordman, coach of the Frosh Squires, has been a devoted aide to the Notre Dame sports cause for many years now. His ability to build good football offenses and defenses has been a great help to Crusader gridders.

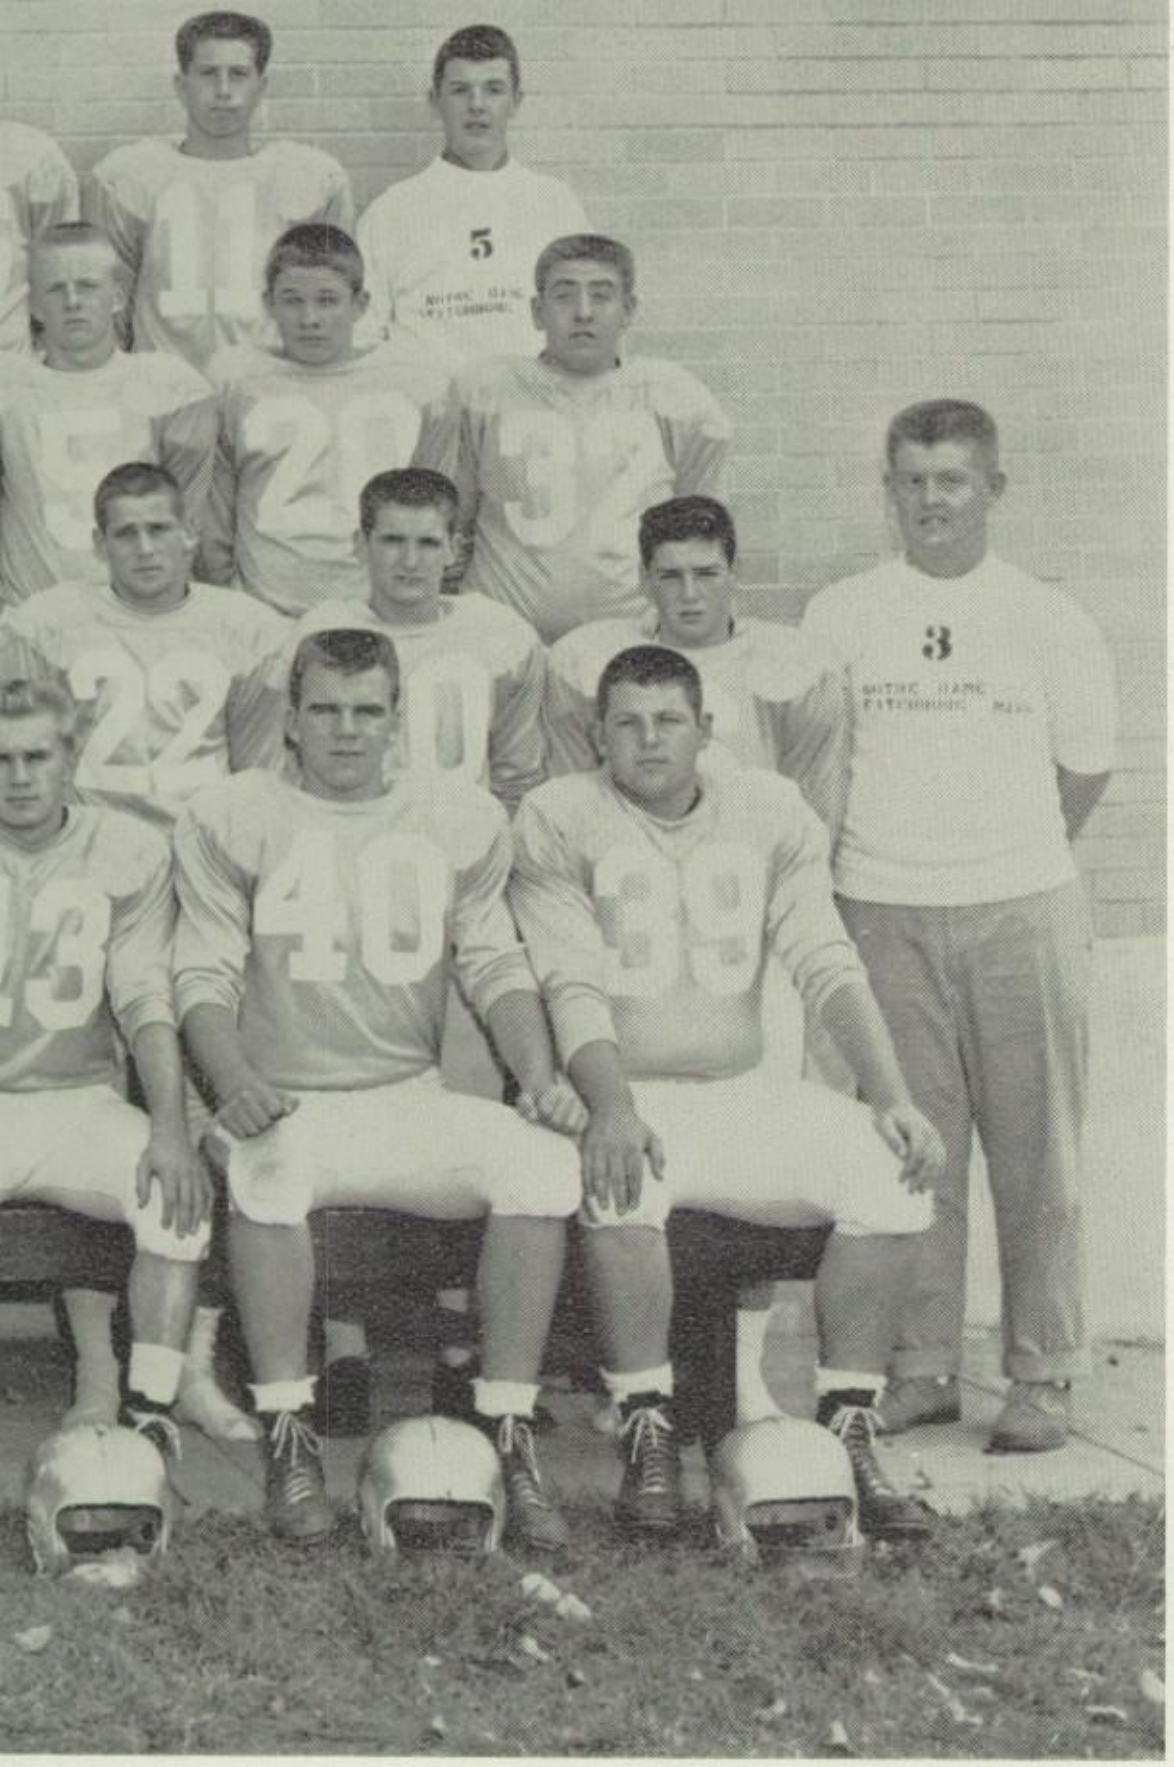
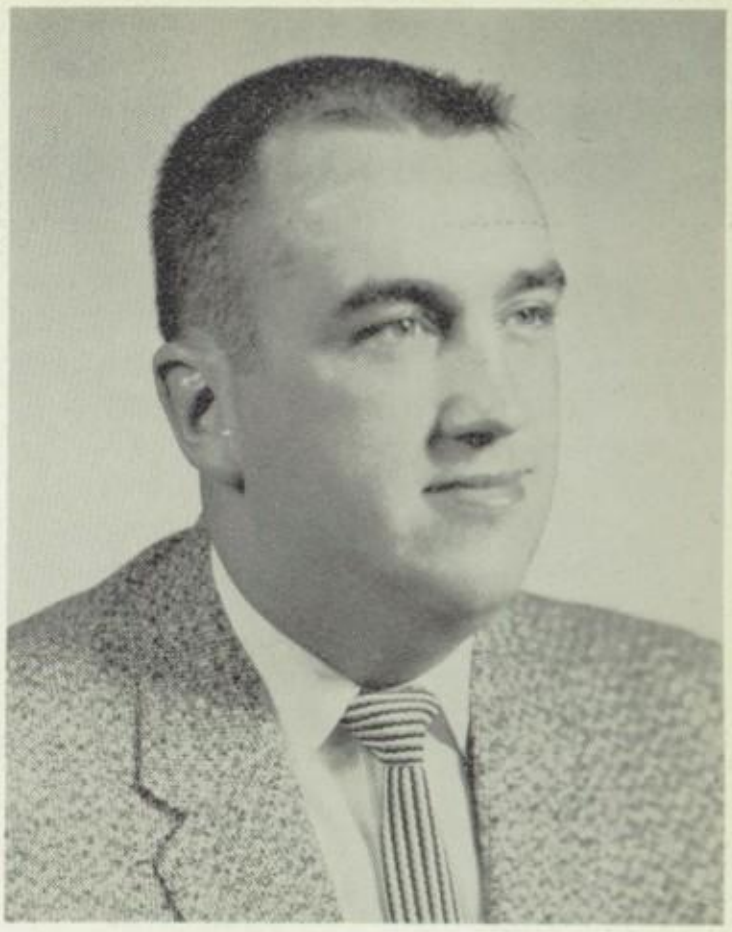
The Catholic and City Champs

In the fall of '57 Notre Dame ran up a string of six victories to one defeat for a very successful season. Largely through the efforts of the senior squad, with the help of many sparkling plays by the undergrads, Notre Dame scored five straight victories over Athol, Fitchburg Clinton, Maynard, and St. Columbkille before suffering their first and only defeat at the hands of a strong St. John's team. They then rebounded to whip St. Bernard's 45-14 and take the city championship and the city Catholic championship as well.





MR. JOHN O'GRADY

In his second year as head football coach at Notre Dame High School, Coach Jack O'Grady led the Blue and White to the school's most successful football season with 6 wins and 1 loss. His young but hard-charging team again featured a break-away attack which netted 130 points, and a rock-ribbed defense which gave only 55 points to enemy teams.

Narrowly missing an unbeaten season and Class B division honors, Coach O'Grady nevertheless brought to the Southstreet school its first City and Catholic championships by defeating both Fitchburg and Saint Bernards at the Bowl.

MR. ERNEST NOLE

Assistant Coach Ernie Nole, versatile as ever, performed any number of football jobs to assure a winning season to the Crusader team. Besides teaching the normal offensive and defensive tactics to the gridmen, Ernie used his scouting talent and rare memory to prepare the Crusaders for every one of their opponents.

MR. GUY DIBENEDETTO

Assistant Coach Guy DiBenedetto was again of invaluable service to Notre Dame gridmen because of his football know-how and his ability to detect a player's mistake and to correct it immediately. A great defensive help, he plotted the defensive strategy that made the Notre Dame line one of the best in the county.

the Graduating Senior Gridmen

The glorious record of the 1957 football squad was realized, for the most part, by fourteen seniors. Selected as an outstanding leader for this year's winning team was captain Joseph Innamorati. A three-year veteran at center, Joe certainly proved himself. Along with Joe in the forward wall were two very aggressive Crusaders, Cary Adams and George Morse, both three- and four-year veterans respectively. Assisting in a big way at the tackle slots were two heavy and hard charging Crusaders, namely Ronald Sibley and Richard St. Germain. Both were three- and four-year veterans of the Crusader's football team. Completing the forward wall at the end position were five talented young men. They were Arthur Innamorati, Donald Benoit, Roger Guglielmo, Thomas Manion and Francis Fluet. They were two-, one-, three-, two-, and three-year Crusader veterans respectively. Leading the Crusader backfield with his clever quarterbacking was Thomas Peralta. An aggressive four-year veteran, Tom surely inspired the team with desire. Running at the right-halfback positions were speedy Alan Stewart and David Aubuchon. These Crusaders are three- and one-year veterans respectively. At the fullback slot there was a hard running and driving Crusader Ronald Duval, who scored over 100 points in his four years of play.

A horde of ND forensic men swarm out of Concord High.

Notre Dame forensic activity set a furious pace following the successful Model Congress on Oct. 5.

October 12 featured a discussion and extemporaneous speech contest. Notre Dame was host to St. Mary's of Lynn, Major Beal H.S. of Shrewsbury, Mt. St. Charles of Woonsocket, R.I., and Keene H.S. Paul Keating received first award in the extemporaneous speech contest, and R. Sandstrom was runner-up in the discussion.

On the following week, the Notre Dame Debaters met Mt. St. Charles Academy for a discussion on Foreign Aid. This was followed by an exhibition debate as R. Sandstrom and G. Coppenrath upheld the affirmative against the more experienced team of R. Smith and D. Baker.

On Nov. 2 the debaters traveled to Portland, Maine, for the Second Model Congress. James Moran was elected Speaker of the House. The Senate chose D. Baker as candidate for the National Congress.

Many Freshman debaters went into action for the first time at a debate tournament sponsored by Concord High School. For the first time in the 1957-58 season, Notre Dame returned without having won any special distinction. However, our debaters held their own, having won 18 of their 32 debates.

The annual pre-Thanksgiving tournament sponsored by Major Beal H.S. of Shrewsbury was held on Nov. 23. R. Porter was chosen best speaker of the J.V. division.

BROTHER HERMAS, S.C.

Brother Hermas, S.C., senior homeroom teacher of Room 5, is a history and English teacher. The Crusader Yearbook's business manager is also head of driver education at Notre Dame.

Inspector Harry Bennett counsels Leon Chapdelaine with his registration blank.

This year the students taking the Driver Education course were under the expert guidance of Bro. Hermas, S.C., Bro. Sebastian, S.C., and Bro. Alfred, S.C.

The sixty or more students who took part in the first or second course received twenty one-hour lectures during which they learned automotive law and the general principles governing the operation of a car. The courses also included twelve hours of driving in observation and at the wheel of the new Oldsmobile 88, courtesy of DeLongchamp Sales.

All students successfully passed their written and road tests and were all licensed as authorized motorists of the Bay State.

Peter Ward is congratulated by Inspector H. Bennett upon qualifying for his driver's license.

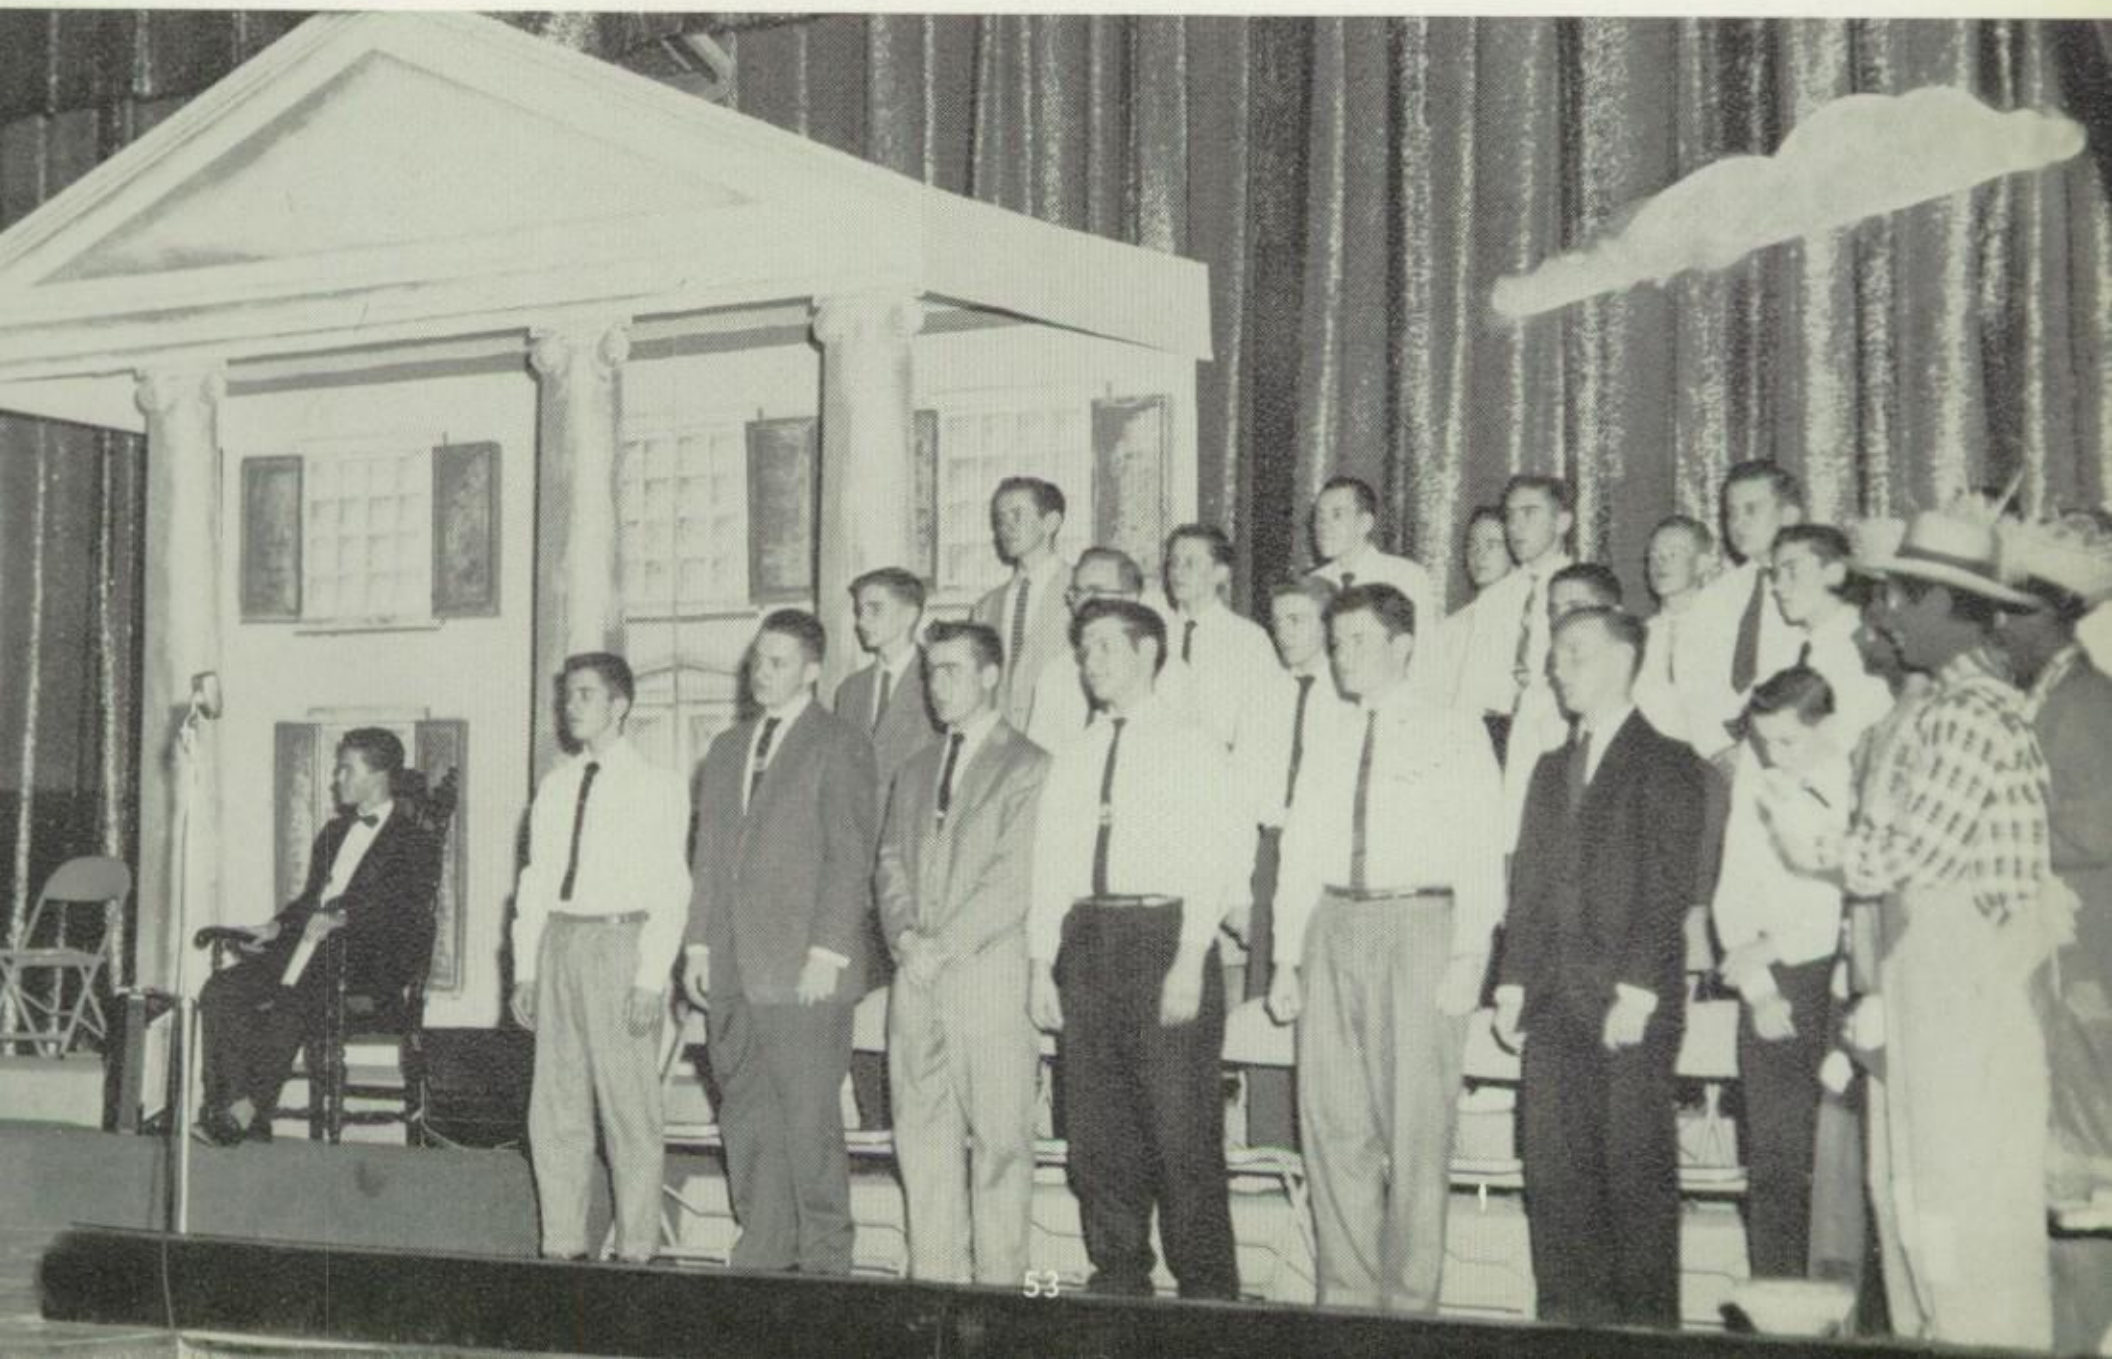
Minstrelsy in the Ole Manse Fashion

The Third Annual Notre Dame Minstrel Show was held on November 26 and 27 by the Notre Dame Glee Club under the direction of Brother Giles, S.C. The theme of this years' presentation was "The Old Manse" with an old southern plantation mansion as a setting. The outstanding success of the show was due largely to the unselfish efforts of the whole cast. Special recognition should go to the endmen Charles Grenier, Ronald Duval, Thomas Enright, Richard Lawrence, Robert Larkin and John Raymond. Their antics and spirit instilled the humorous and southern atmosphere that insured a success. This year's interlocutor was Richard Chesbrough. The second performance was for the teenagers and was followed by a record hop with Norman Dube as disc jockey.

BROTHER GILES, S.C.

Brother Giles, S.C., junior teacher of homeroom 3, is head of the chemistry department. A music lover, he directs the Glee Club and the annual minstrel show. He also displays great religious zeal for his Junior Confraternity group.



December

In cold, wintry December the seniors and undergrads alike look forward to the approaching vacation and the beginnning of a new year. The classes prepare Christmas baskets of food and cheer to be given to the needy of the area. Holiday decorations begin to adorn the classrooms and the Brothers' residence.

The basketball season begins and the students cheer their team to win. Worcester competition is rugged but the Blue and White hardwood five play their best.

The Crusaders, opening their 1957-1958 basketball season on the road, suffered a 72-44 setback at the hands of a powerful St. John's Prep of Worcester. Kashuta led the Pioneers' scorers with 13 points. Casacca and Gillis paced the losers with 14 and 10 points respectively.

NOTRE DAME 48—ASSUMPTION 77

Led by the high-scoring forward, fabulous Jack Foley, Assumption Prep of Worcester crushed Notre Dame 48-77. Foley single-handedly downed the Crusaders as he pumped 51 points through the nets. Don Casacca with 14 points was high scorer for the Crusaders.

Football Testimonial

The second annual football banquet honoring the new Catholic and city football champions of Notre Dame was held Monday, Dec. 2, in the gym with over 400 parents, friends and invited guests in attendance.

The featured speaker of the evening was head coach Steve Sinko of Boston University who spoke on the value of football to instill competitive spirit in young men. Senator Elizabeth Stanton spoke briefly in expressing her congratulations to the new football champions.

Many other important highlights were also featured during the program. Coach Jack O'Grady declared Tom McHugh, a junior guard from Leominster, the voted captain of the 1958 varsity team. Trophies were presented to Gerry Chester and Ron Sibley, outstanding back and lineman in St. Bernard's game; to Tom McHugh, the most improved player; to Joe Innamorati, the most valuable senior; to Tom Peralta, the Brother Leo-Albert trophy for the greatest team spirit and cooperation. A memorial plaque of the late Anthony Cordisco, the former athletic trainer at N.D., was presented to the school by the Crusader Club. A tract of land of the future site of N.D.'s athletic field was donated to the school by Bernard Molaghan and his mother in memory of the late Mr. Molaghan. Seniors were awarded their sweaters and the underclassmen their varsity letters. Freshmen received their gold footballs and junior varsity letters. The City Championship Trophy was presented by Elliott Halpin. Mr. L. Kimball, Fitchburg jeweler, announced the gift of jackets to all the members of the team.

During the evening entertainment was provided by Clarence Savalier, soloist, accompanied by Brother Giles, and by Ron Bernard, freshman accordionist of Room 24.

The 1957 Christmas Assembly

The annual Christmas Assembly sponsored by the C.Y.C. Council was held on December 20. The Spiritual Chairman, Bob Charpentier, opened the meeting with a prayer. This year, the entertainment was somewhat different. Each individual class division put on Christmas scenes or sang Christmas carols. The Seniors, who were smartly dressed in white shirts and ties, sang Christmas selections as a group while the Christmas Gospel was read by Richard Chesbrough. The Juniors performed next with the singing of old Christmas favorites. The Glee Club under the direction of Brother Giles entertained with their Christmas selections. Next the Sophomores delighted the audience with the singing of Christmas carols in different languages. The title of their performance was "Christmas in Different Lands" with Ed Gastonguay as narrator. Last but not least came the Freshmen who entertained with a skit entitled "The Nativity" presented by silhouettes. After the entertainment each individual homeroom president presented a Christmas gift to his homeroom Brother on behalf of the students. Brother Armand also distributed football sweaters to the Senior members of the football team. The principal, Brother Frederic, ended the meeting. Alan Stewart presided at the meeting.

D. Fiandacca, A. Cote and J. DiPietro prepare to deliver their Christmas baskets.

CHRISTMAS BASKETS

As in the previous years Christmas baskets were given to the needy families throughout the area. The purpose was to provide for those families who would not be taken care of by the charitable organizations of the area. The baskets were prepared by each individual homeroom and delivered a few days prior to Christmas.

January

The dawning of the New Year brings new hope and promise. Resolutions are made to last a day, perhaps a week, rarely a month. Seniors take their College Entrance Board Exam which estimates their chances of success in college.

The basketball season is far underway and it looks like another successful season for the Pickmen.

An occasional snowstorm enables the students to relax temporarily from their studies.

The underclassmen also take their exams and participate in Award Day where scholars and athletes are rewarded for their effort. Then all is quiet again at the Southstreet school.

Crusaders in Victory March

NOTRE DAME 53—ST. PETER'S 51

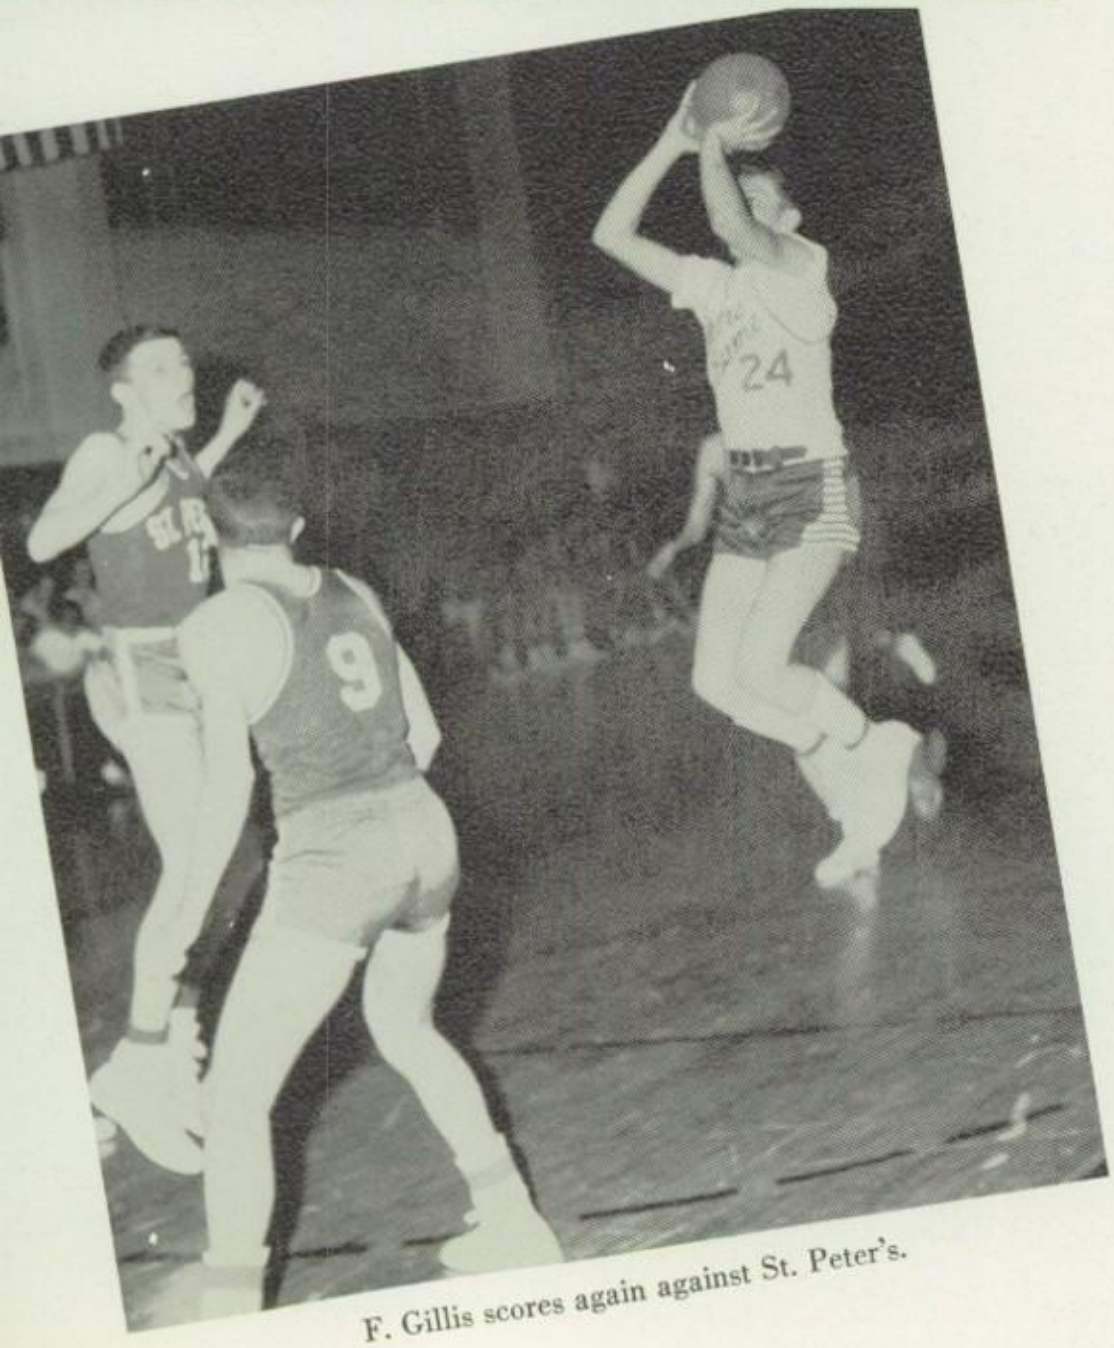
Starting the New Year on the right foot, the Southstreeters defeated St. Peter's of Worcester, 53-51, in a come-from-behind victory. Although trailing 25-29 at the half, they grabbed the lead with five minutes left to go and immediately went into a freeze. Fred Gillis with 20 points led all scores followed by teammate Don Casacca with 10: D. J. Huban with 18 points was high for the Guardians.

NOTRE DAME 82—LUNENBURG 61

Displaying fast-breaking offense, the Crusaders downed a game and hustling Lunenburg High School five, 82-61, on the latters' home court. D. Casacca and R. Guglielmo led the winners with 24 and 21 points respectively. Hytinen with 18 points paced the losers.

NOTRE DAME 74—GARDNER 45

The Blue and White made it three in a row as they racked up a 74-45 victory at the expense of a weak and bewildered Gardner High School. Completely outclassing the Orange and Black, the Pickmen led all the way. Don Casacca with 22 and Fred Gillis with 17 led the Crusaders while Lew Bishop had 15 for the Gardnerites.



F. Gillis scores again against St. Peter's.

Snowbound on Southstreet.

On three successive Wednesdays, January 8, 15, and 22, Fitchburg and Notre Dame High School were buffeted by snow-laden northeasters that left piles of snow in their wake and forced the no-school sign to be posted. The Crusaders also enjoyed leave of absence on Thursday, January 9, when various school-and-no-school warnings were broadcasted in the city. On that day many Bernardian lassies were surprise guests at the Southstreet school where they and other snowbound visitors were given food and shelter. Meanwhile many Crusaders played in Emerson's "frolic architecture of the snow" in the different towns and cities.

NOTRE DAME 58—ST. BERNARD'S 34

By virtue of their 58-34 win over intra-city rival, St. Bernard's, Lou Pick's Crusaders staked initial claim to the 1957-58 city basketball championship, in a game played at the small Harvard Street gym. They completely dominated the game from start to finish, out-shooting the losers and holding complete control of the boards. Fred Gillis with 19 and Don Cassaca with 14 led the winning tallymakers while Al Diron had 11 for the losers.

NOTRE DAME 50—ST. STEPHEN'S 84

The Crusaders saw their four-game winning streak ended as they were trounced 84-50 by a powerful, fast-breaking St. Stephen's High of Worcester in the same city. The winner's attack was led by Paul Morano with 23 and Dick Riccardi with 21 while Don Cassaca and Fred Gillis with 18 and 15 respectively topped the Crusader scorers.

NOTRE DAME 58—FITCHBURG 54

Strengthening their clutch on the intra-city championship and continuing on in their bid for the North Worcester County crown, the Blue and White defeated cross-town rival Fitchburg High 58-54 before a capacity crowd at the South Street gym. The Crusaders combined the shooting eye of Don Cassaca (21 points) and the rebounding talents of Don Benoit (15 points) and Roger Guglielmo (16 points) with quick passing and a tight defense to stymie the Red and Gray's bid for victory.

The Get-Acquainted Dance

The Notre Dame Crusader Club and the Entertainment Committee under the direction of Edmund Cardinal sponsored a very successful Get-Acquainted Dance for Crusader Club members on Saturday, January 18, at 7:30 p.m. in the Notre Dame gym.

Over 150 couples attended and danced to the music of Wally Craig and his orchestra. A waltz contest and a Cinderella dance added to the gaiety of the evening. The devoted decoration committee arranged a beautiful centerpiece for the gym and placed tables on the circumference of the dance floor for the dance-weary couples. Refreshments were also served.

Second Crusader String Snapped After Victories

NOTRE DAME 70—GARDNER 29

Making a complete sweep of their home and away series, the Blue and White humbled Gardner High 70-29, at the latter's home gym. After getting off to a slow start, the Crusaders caught fire to turn the contest into a romp as they rolled to their fourth consecutive North Worcester County triumph. Don Benoit with 22, Don Casacca with 16, and Fred Gillis with 16, paced the winners' scoring attack while Lew Bishop had 9 for the losers.

NOTRE DAME 42—LUNENBURG 41

The Blue and White boys made three in a row and a sweep of their home-and-away series with Lunenburg as they downed the latter, 42-41, at the South Street gym. The Crusaders blew an early lead as the visitors posted a strong second half, but the Pickmen grabbed the lead with four minutes left to play and went into a freeze. Don Casacca led the Notre Dame scorers with 17 points while Ron Osterlag had 11 for the losers.

NOTRE DAME 56—ST. STEPHEN'S 58

The Crusaders went down to a heart-breaking 58-56 defeat at the hands of St. Stephen's High of Worcester. Our boys played excellent ball throughout the tilt as they held the powerful Stevedores in bay and were leading all the way. However, St. Stephens tied it up with 25 seconds left to play and, after the Crusaders missed a layup, the Worcesterites went into a freeze. With 4 seconds left they shot and scored to provide the necessary margin. Gil Bastien with 23 was high for the victors. Don Casacca and Fred Gillis led the Crusaders with 27 and 17 points respectively.

Midyear Exams

Midyear exams were held on January 23 and 24. A snowstorm and school layoff eliminated the first proposed day on Jan. 22. Results were varied with the juniors and sophomores showing the highest gain, and the seniors and freshmen losing ground a bit. Some 14 attained the very difficult first honors, and 58 achieved second honors.

The principal, Brother Frederic, S.C., gave the reports to the individual classes. The juniors, however, received theirs via Parents' Night.

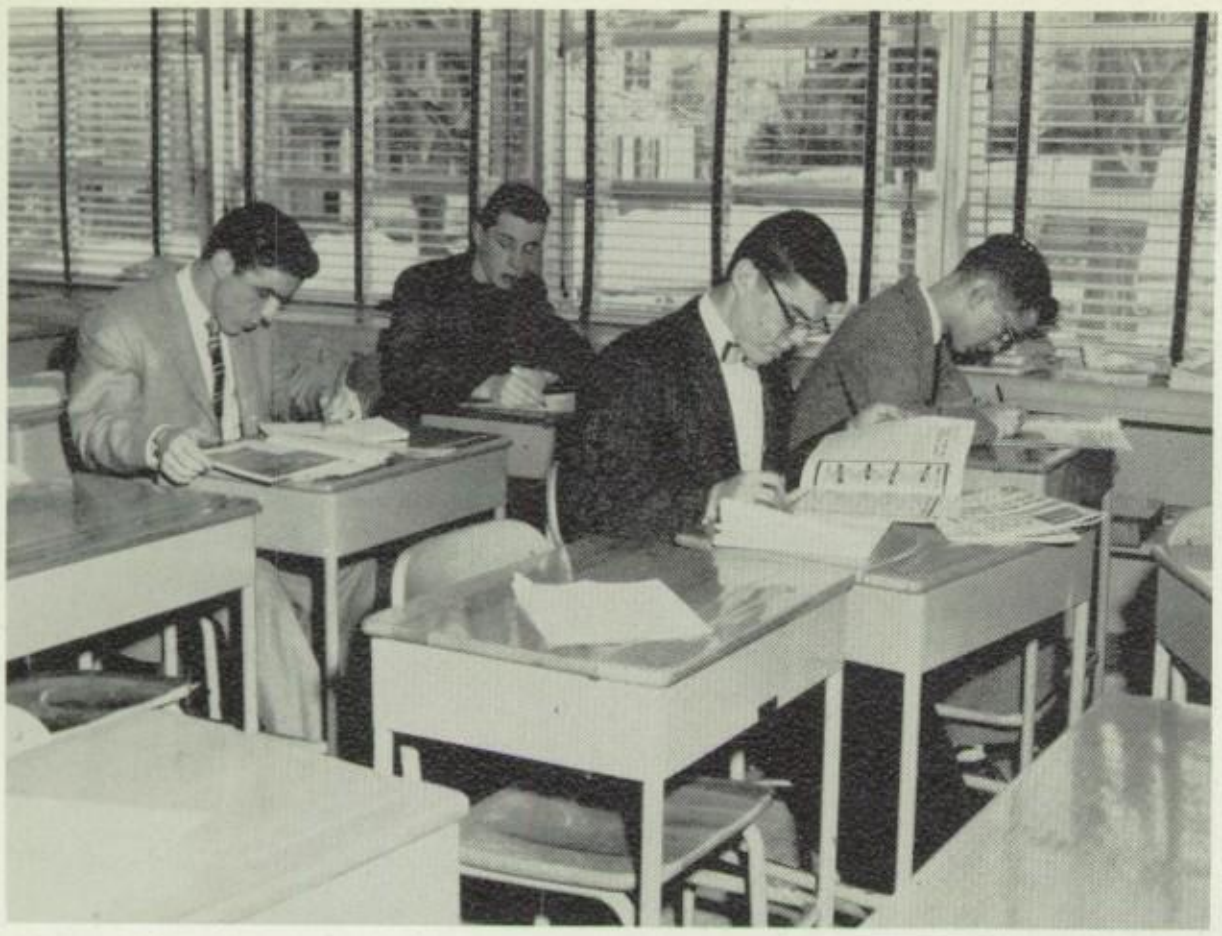
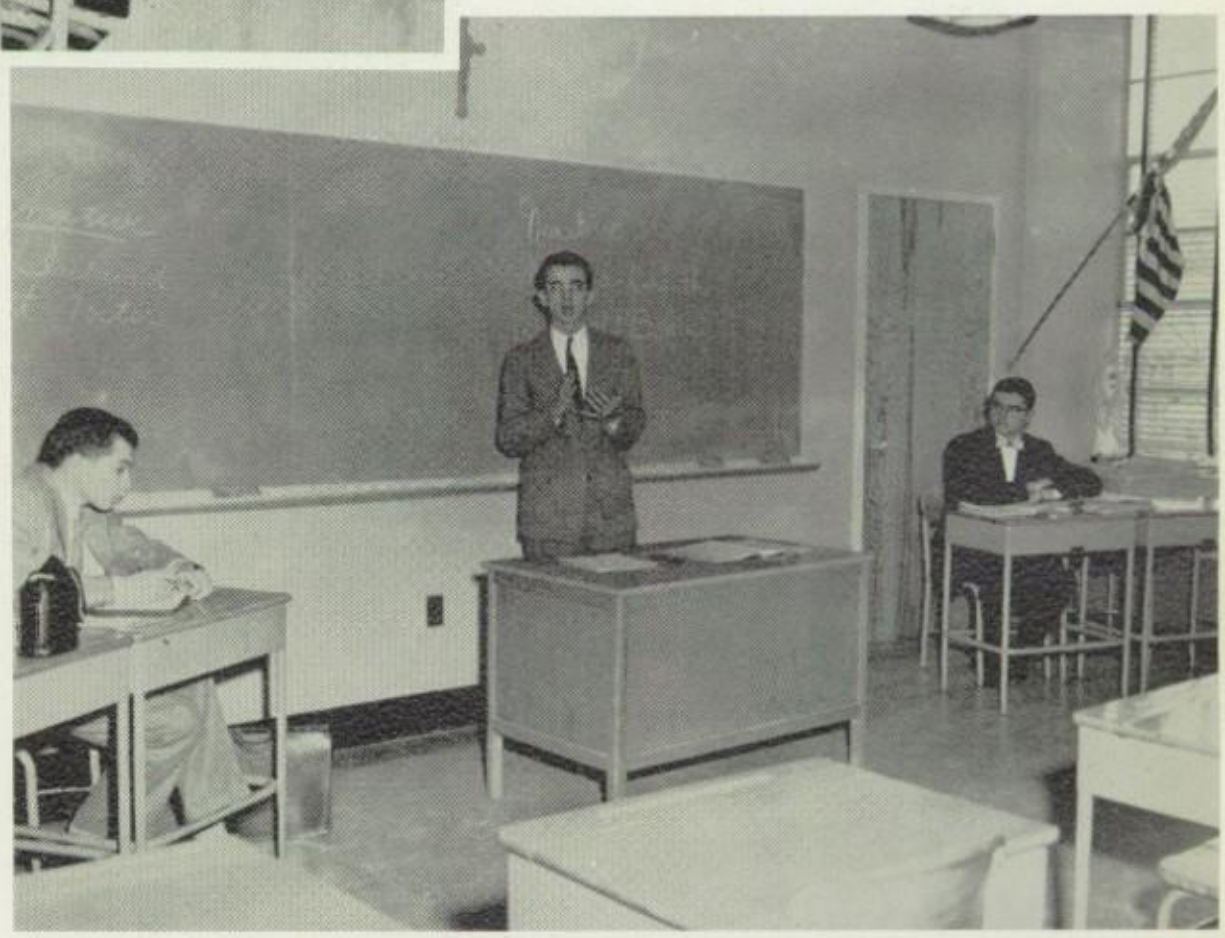
EXTEMP DEBATE HISTORY AT NOTRE DAME



Preparing for N.F.L. debate at Notre Dame are P. Lagoy, P. Keating, D. Baker, and R. Smith.



R. Smith gives his views while D. Baker listens with interest.

The Notre Dame Forensic Association made New England debate history on Feb. 1, in sponsoring the first extemp debate tourney in the N.F.L. New England Chapter.

Brother Reginald, S.C., Debate coach, and his debaters were host to St. Dominic High School, Lewiston, Me.; Laconia, N.H., High School; Concord, N.H., High School; Keene, N.H., Major Beal High School; Shrewsbury; Lawrence Central High School from Massachusetts; Mount Saint Charles, Woon, R.I., and La Salle Academy, Providence, R.I.

Representing Notre Dame in the tourney were Richard Smith, Don Baker, Phil Lagoy and Paul Keating. Members of the reception committee were Mark Norton and Ed Fitzgerald. Program committee were Peter Ward, James Moran and Michael Angelini, while Louis Piermarini, Rene Cormier and William Howerton served as members of the lunch committee.

Concord High was judged the winning school and received the Fulton J. Sheen Trophy which had been donated by the Crusader Club for the event.

Crusaders Cop Vital Intra-City Clashes

NOTRE DAME 69— ST. BERNARD'S 52

The Crusaders clinched the intra-city crown as they thrashed St. Bernard's 69-52 before a capacity crowd. This was the third city victory without a defeat for the Crusaders and, with but one intra-city game remaining and both St. Bernard's and Fitchburg having lost two games, the title was assured.

Although the Bernardians tied the score midway through the second period the Blue and White quickly rallied for an 8 point half-time lead and were never again headed.

Four Notre Dame starters hit in double figures. Don Casacca had 24 while Roger Guglielmo, Don Benoit and Fred Gillis followed with 17, 12, and 10 points respectively. Richie Lewis had 21 for the Bernardians.

NOTRE DAME 61—FITCHBURG 60

The forces of Lou Pick combined to provide one of the most thrilling basketball games of the year as the Crusaders came from behind to defeat Fitchburg High 60-61 in their gym and make a clean sweep of the intra-city series. Trailing by as much as 11 points in the third period, the Blue and White put on a spirited fourth period drive, sparked by Don Casacca sharpshooting; also Dave Aubuchon helped and turned sure defeat into glorious victory. With 14 seconds left to go and the score tied at 58 all, Casacca sank a long jump shot and was fouled. He made the charity shot, putting the game out of Fitchburg reach. Roger Guglielmo and Freddy Gillis with 16 and 15 points led the Crusaders' scoring while Ralph Anttonen had 22 and Dave King 21 for the Red and Gray.

First Friday Devotion

On the first Friday of every month, the entire student body takes part in one of the most important functions of any Catholic High School. Together they attend Holy Mass celebrated by one of the curates from the Immaculate Conception Parish of Fitchburg.

At the start of the month of February the whole student body was surprised by the transfer of the devoted Father Lange to St. Cecilia in Leominster. We now wish to thank him for his zealous services. He was replaced at Immaculate Conception by Rev. Father Gendrau of St. Cecilia's who is already the school chaplain.

An increase in the number of communicants at Mass was noticed this year. The Mass this year is at 10 a.m., a factor which has helped reception.

NOTRE DAME 52—ST. JOHN'S 75

St. John's Prep of Worcester handed the Crusaders their third straight defeat and seventh setback of the season, 75-52, as they showed the class and teamwork which has merited their selection as District representatives in Western Massachusetts Tournament. Frank Foley with 21 and Bunny Walsh with 17 led the victors while Roger Guglielmo (18 points) and Charley Sicard (11 points) paced the losers.

NOTRE DAME 57—ATHOL 34

The Crusaders concluded a most successful basketball season by defeating Athol High 57-34. In so doing, they remained in contention for the North Worcester County Championship. They are undefeated in county play. The Crusaders poured in 27 points in the final 3 minutes to turn the previously close contest into a victory. Guglielmo was again high scorer with 18 points.

Win in Season's Finale Checks Losing Streak

NOTRE DAME 59—ST. PETER'S 64

The Blue and White went down to their fifth defeat of the season as they were outlasted by St. Peter's High of Worcester, 64-59. The Guardians were avenging an earlier season 53-51 setback at the hand of the Crusaders. The Crusaders, who only scored 17 points in the first half, roared back to tie the game in the fourth period but the Guardians pulled it out.

NOTRE DAME 57—ASSUMPTION 87

Again baffled by the incomparable shooting eye of Assumption's Jack Foley, the Crusaders suffered their sixth setback of the season, 87-57, at the hands of Worcester's powerful Greyhounds. Foley poured 47 points through the nets and proved too much for the Pickmen. Don Casacca and Roger Guglielmo had 41 points between them.

Notre Dame Crusader Club

President of the Crusader Club Joseph Pandiscio addresses members.

The Notre Dame Crusader Club gained new strength and momentum in its second year of existence as an organization to promote the physical and intellectual welfare of Notre Dame High School. Under the spirited leadership of President Joseph Pandiscio, ably assisted by a host of devoted men and women officers, the Crusader Club continued to meet on the second Wednesday of every month to plan fund-raising activities for the immediate purpose of constructing the school's athletic field on South Street at the entrance of Coggshall Park.

Activities of the Crusader Club this year included the football banquet, the Crusader Club dance, the professional talent show at Fitchburg High, the Crusader days at Saima Park, and Whist Parties, and many other rewarding and entertaining programs.

MR. LOUIS PICK

Lou Pick is the mastermind of the fabulous winning plays of Notre Dame basketball squad. With his awareness for latent talent and his skill to build good individual players and teams, the Crusaders have already clinched the city crown. He has "made" or improved most of the players on the team in his two years as Notre Dame's mentor. He has followed up last year's successful season with another one.

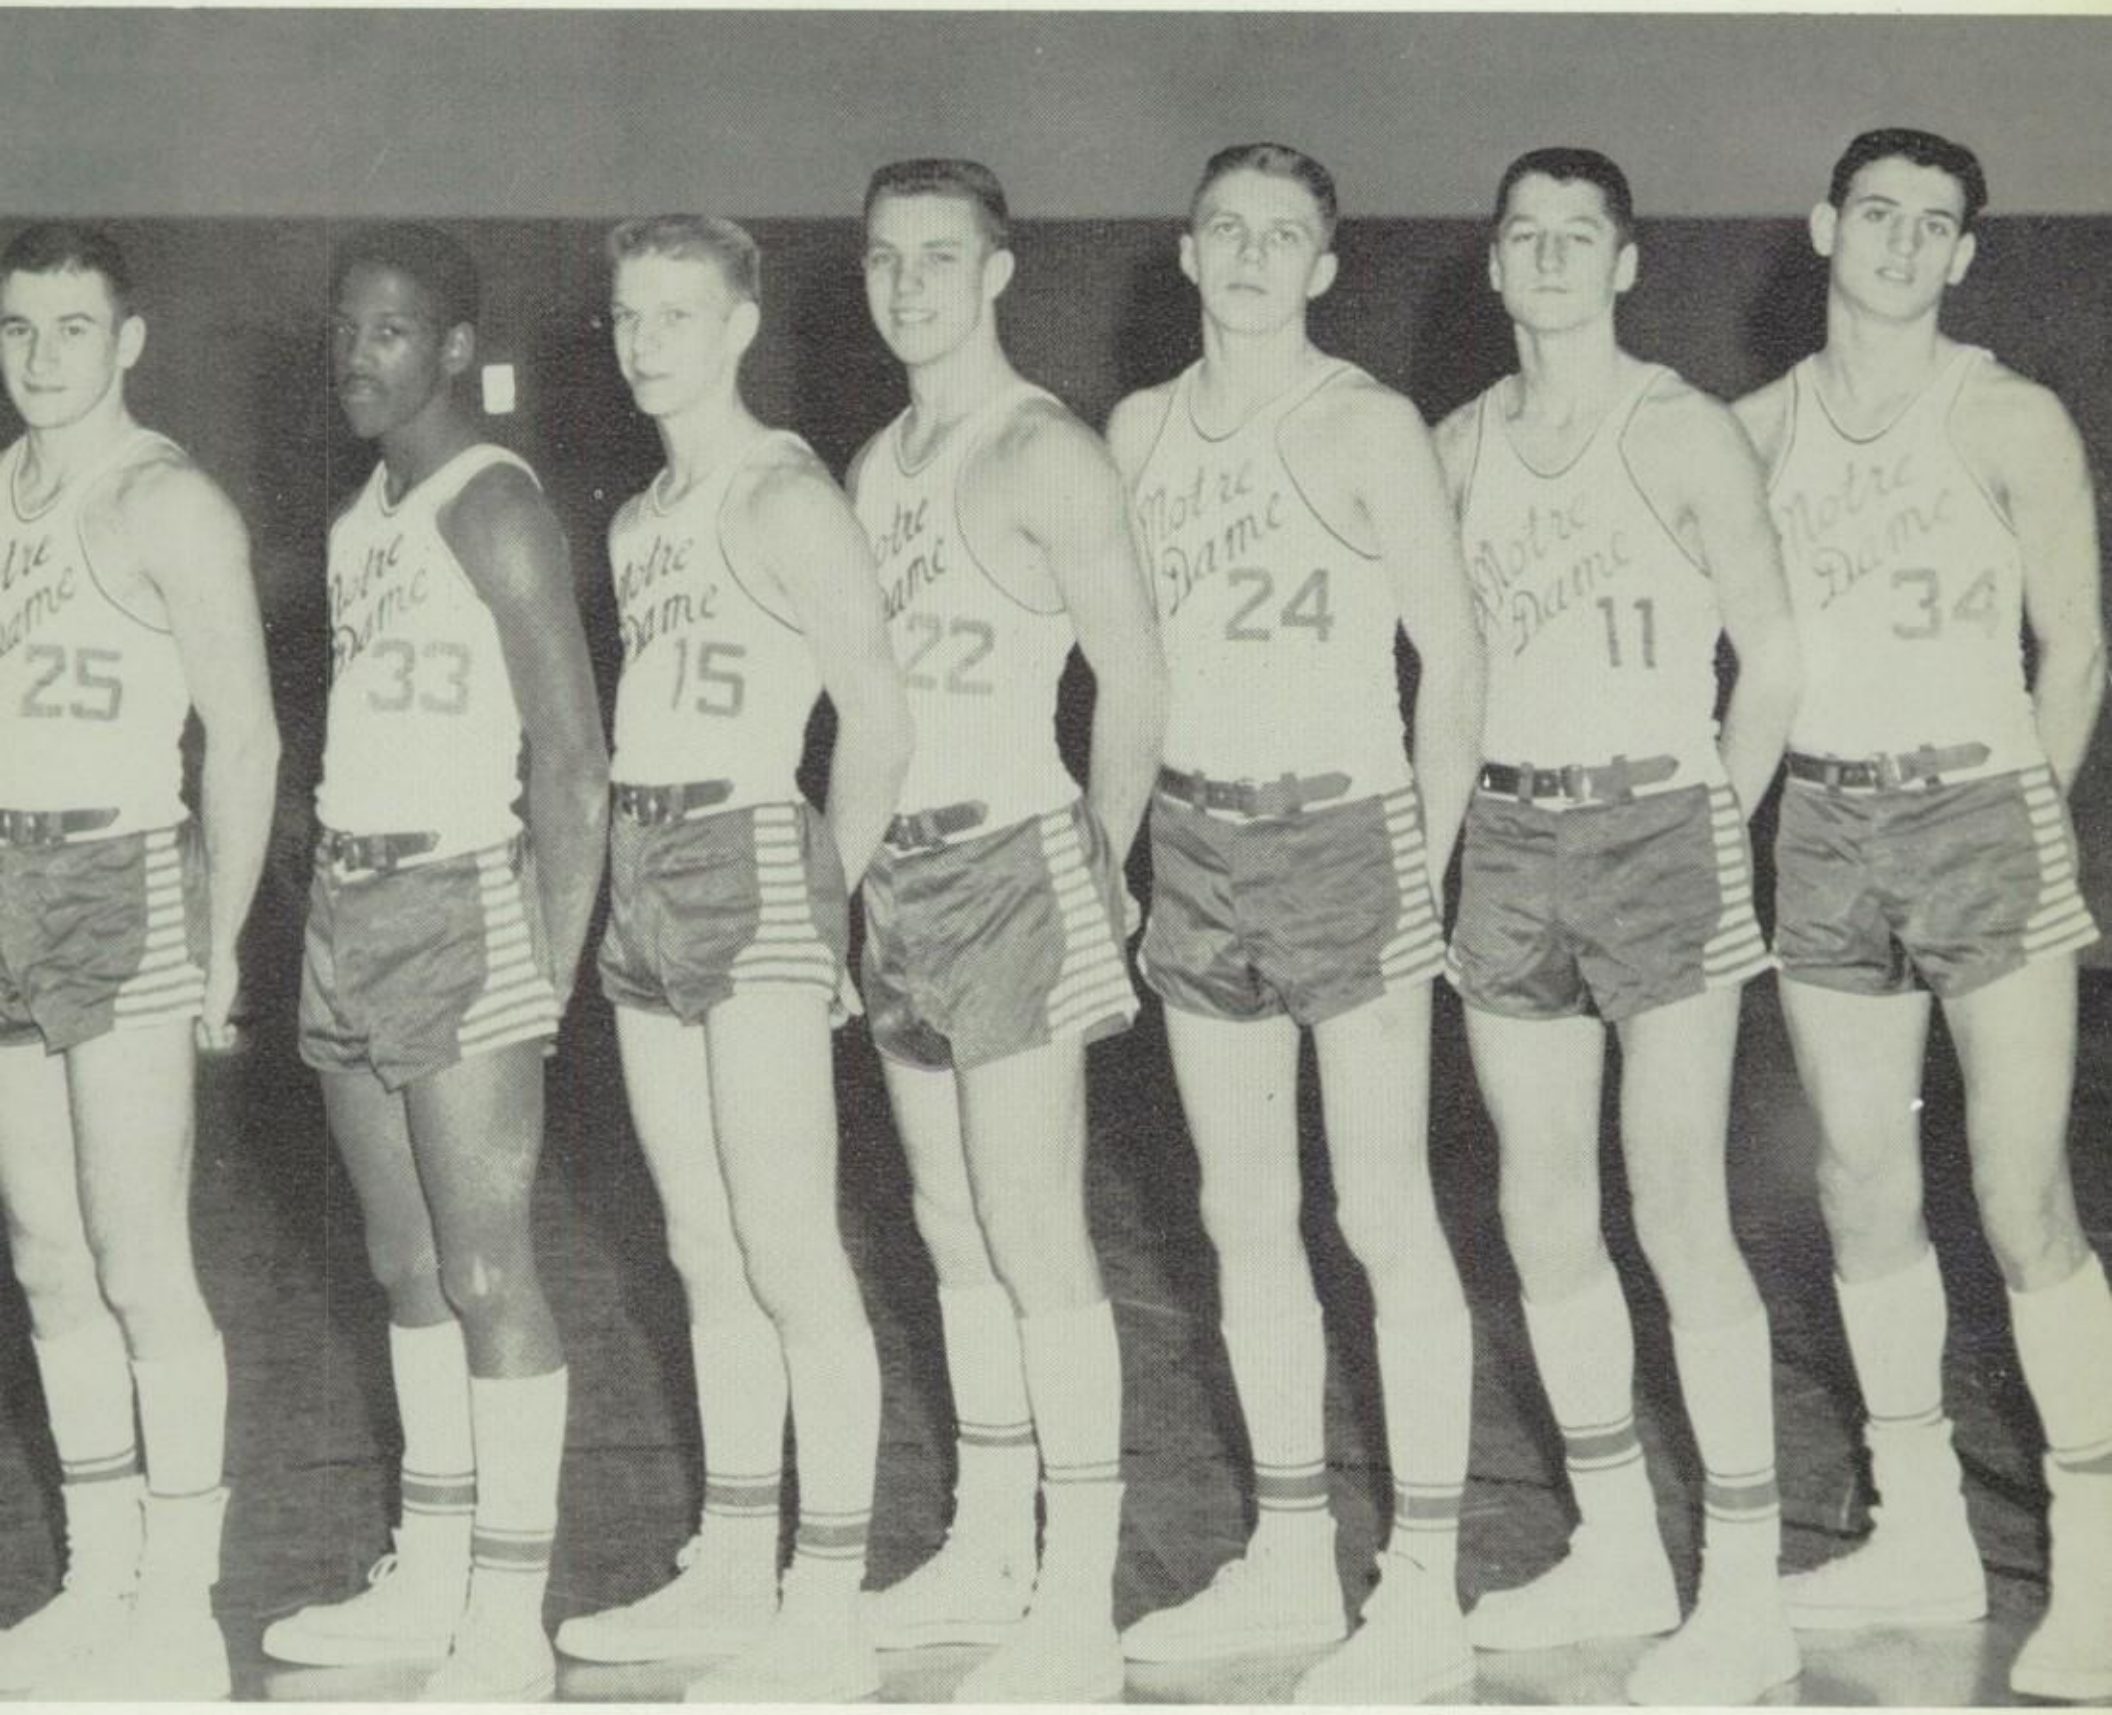
MR. F. JOHN O'ROURKE

Coach O'Rourke's hard work and patient hand led to a very successful season for the Crusader B-squad. He also handled the freshman squad with skill. Gerry is ably developing the future N.D. sharpshooters by teaching them the hoop ways of the varsity club.

Crowned Catholic and City Champs



The Crusader varsity finished the regular season with a record of ten victories against seven defeats in one of the school's most successful campaigns.

In so doing, they copped the intra-city championship and the local Catholic championship. In addition to this, they went undefeated in North Worcester County play. For 18 regularly scheduled tilts, we compiled a total of 990 points.

Leading all Crusaders was junior forward, Don Casacca, who hooped a total of 297 points. He was closely followed by Fred Gillis, 222, and Roger Guglielmo, 208. Then came Don Benoit with 158, Dave Aubuchon, 46, and Charley Sicard with 43.

The "B" Squad Hoopsters

The Notre Dame junior varsity under the direction of Lou Pick and Gerry O'Rouke compiled the amazing record of 13 wins and 4 losses during their 1957-58 play. Scoring close to 60 points every game, the high-flying B-Quintet was led by Tom Barnicle, Ed Gastonguay, and Wes Landry. These three young sensational hoopsters all scored close or over 300 points during the campaign to average all in double figures. They also featured razor-sharp passing and a tight defense, especially with Dick Testa and Fran Cormier rebounding well off the boards.

The Frosh, despite wise and patient handling by Coach Gerry O'Rourke, entered into a near-disastrous season when they lost their 8 games, many of them close decisions. However the eager Frosh caught their stride with a sizzling fast-break attack and took their last three games from Lunenburg, Fitchburg and St. Mary's of Ayer.

Several players showed tremendous promise, especially Eddy Guenette who scored close to 100 points, J. Kendra, Dennis Barnicle, Mike Armstrong, and John Gearan.

The Notre Dame Crusader Club held their first Military Whist Party on Feb. 24, in the Notre Dame gym. About two hundred people attended and played twenty-five rounds of whist to compete for the valuable prizes which were given to the highest scorers. After the whist party a cake sale was held with good results. The whist party helped to increase the funds for the Notre Dame Athletic field.

March

The month of March, which traditionally enters in like a lamb and leaves like a lion, brings at last the long-desired thaw of those winter-long heaps of snow that clutter streets and outdoor play areas. With another fine basketball season tucked away until next winter, Crusader athletes eagerly look forward to the beginning of the new track and baseball season. Long unused muscles ache with pain as preliminary workouts are held in the gym until the weather is suitable.

Activities continue in full swing. Debaters travel to Vermont for the New England tournament and distinguish themselves in the different schools of prepared and extemp oratory. The fourth annual Notre Dame Science Fair attracts hundreds of interested patrons as over 200 boys display their projects. Prep Life, the school publication, busily covers school activity and presents its fifth publication of the school year. The C.Y.C. continues to hold its First Friday meetings in the gym, while the Notre Dame Glee Club performs at mass in the morning. And suddenly spring is upon us on March 21 after a spiritually refreshing three-day retreat.

Fourth Science Fair Presents Marvels of Universe

The Fourth Annual Science Fair, held at Notre Dame from March 5 to March 7, was another great exhibition of the marvels of the physical universe. An eager crowd of a thousand parents, students and friends admired both the scope and the quality of the 220 projects which ranged from the solar system to the life cycle of the embryonic chicken.

Under the capable direction of Brother Gabriel, S.C., assisted by a devoted sophomore science committee, competent judges, either professional science men or distinguished teachers in their field, were chosen to evaluate the merits of the projects and to choose winners in the fields of physics, chemistry, biology, and general science.

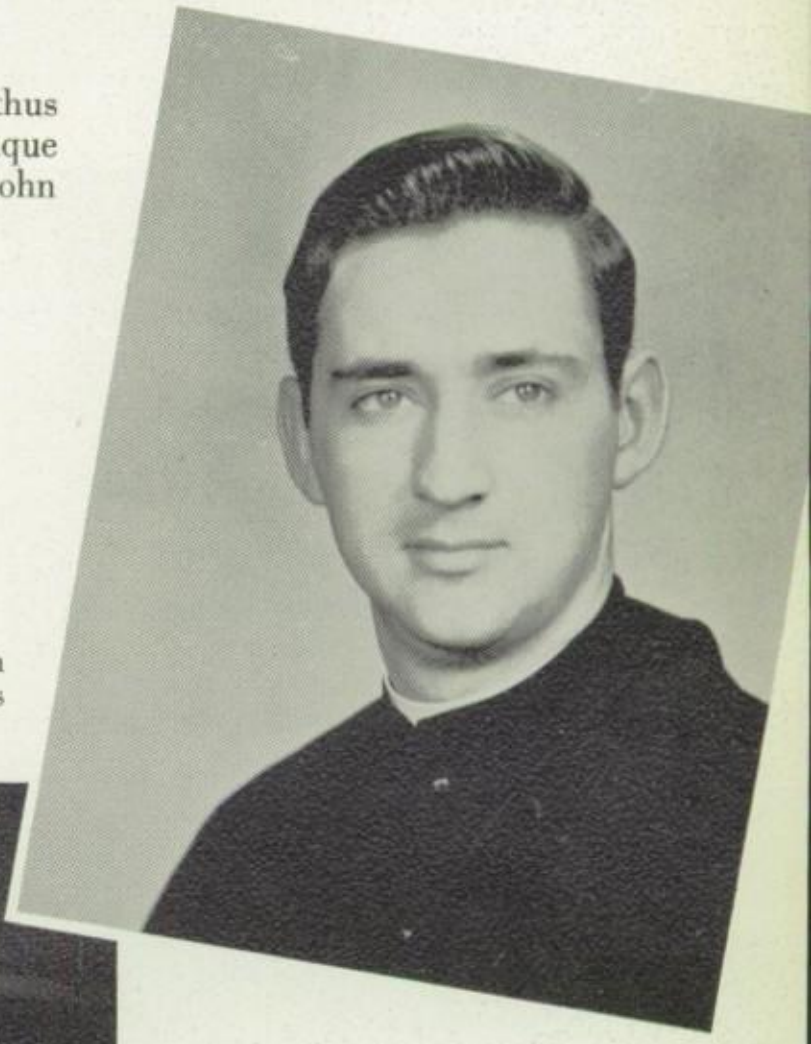
The physics and general science committee, composed of Mr. George F. Klondike of F.T.C., Mr. Charles J. Motyka of Murdock High, Winchendon, and Mr. James W. H. Baker, Gardner, named Tom Cyganiewicz, Gardner senior, the physics winner with his "Aluminum Making Process" project, and Martin Lambert, Leominster sophomore, and Ernest Leclair, Gardner freshman, the general science winners with their respective "Planetarium" and "Auxiliary Lighting Plant."

The chemistry committee, composed of Mr. Norman H. Fredette, Lunenburg, Reverend Sister Mary Lorraine, St. Bernard's, and Miss Rosemary Burns of Solar Chemical, named James Moran, Jr., Leominster junior, the winner with his "Acid and Sugar Content of Fruit Juices" project.

The biology committee, composed of Mr. James Moran, Leominster engineer; Reverend Sister M. Paschaline, St. Bernard's, and Miss Mennie M. Martin, Lunenburg, named Jon Hall, Townsend sophomore, the winning participant with his "Study and Dissection of the Squalus."

Award-presentation night was held Friday evening with the Exalted Ruler of the Elks, Mr. Harold Finn, presiding and presenting $25 Savings Bonds to the five winners. Runners-up in all divisions also received cash prizes from the school in the form of tuition grants.

Tom Cyganiewicz was also judged the outstanding fair contributor and thus became the first to have his name engraved on a memorial science fair plaque donated to the school by Anthony Tocci, '57, in memory of the late John Donhoue, Jr., '57.



Brother Gabriel, S.C.

Brother Gabriel, S.C., a newcomer to the Notre Dame faculty, is freshman teacher of homeroom 21 scientific. Newly named Science Fair director, he organized it with brilliant success. Interested mostly in sciences and mathematics, he gives his students an excellent preparation in those subjects. An avid reader, he is also library assistant.

Prep Life this year as in the four years past is one of the highlights of each month. Its familiar format appears in six issues during the academic year. Many new features have been incorporated by this year's staff, always bearing in mind the necessity of presenting a paper continually more acceptable to the student body as well as representative of the ideals of Notre Dame. Senior Richard Smith is this year's editor-in-chief, while Donald Baker serves as co-editor. Page editors include Richard Lawrence, David Norton, and William Babin. Because of staff co-operation with the editors under the guiding hand of Bro. Alphonse, Prep Life again brings the top of the news in fine style reporting.

Crusaders Achieve Great Forensic Triumphs

R. Sandstrom, recipient of the Mt. St. Charles Academy trophy.

The month of February proved to be a banner month in the pages of N.D. debating.

On February 8 the junior varsity compiled an enviable record of 7 wins out of 9 debates at the Mount St. Charles Debate Tournament. The day was a marked success for the N.D. forensic forces as Ray Sandstrom carried off the trophy for the best speaker of the day. The trophy was presented by Brother Adrian, S.C., coach at the Rhode Island Academy.

Brother Reginald was extremely pleased again on Feb. 15 when his varsity team carried in the Cheshire Academy Tourney 7 of 8 debates. It was their best showing to date. Don Baker, Dick Smith, Dick Chesbrough and Phil Lagoy carried the attack for Notre Dame. The debaters won the Debate Trophy, Donald Baker the Best Speaker's medal, and Paul Keating won the medal for extemporaneous speaking. Brother Berchmans, S.C., was in charge of the successful debating trip.

Participants in speech contest were T. Enright, M. Angelini, R. Sandstrom, E. Gastonguay, P. Keating, and J. Moran.

The Maintenance Men

A clean, healthy school atmosphere where neatness and sanitation are daily objectives must be provided if students are to work with maximum efficiency. It is the job of the maintenance men to insure this. Notre Dame is indeed fortunate to have two persevering hands in Rene Roy, a five-year veteran, and in Arthur Croteau to handle the daily classroom-cleaning chores. Their willingness to work, sometimes beyond their regular hours, has been a source of praise from Bro. Hughes, S.C., their maintenance manager.

April

Balmy spring weather finally arrives. The track team is busy preparing for its first meet. The baseball team is also organizing itself for the coming season. Debating activities are still in full swing now, as are the other activities. The third tri-quarterly exams are being given this month followed by the eagerly anticipated Holy Week vacation. On Easter Tuesday classes resume with the fourth quarter.

The Catholic Youth Council

C.Y.C. President D. Baker begins monthly report meeting.

The Catholic Youth Council is an organization which serves to coordinate Notre Dame's numerous extra-curricular activities. This function of coordination serves to weld all the different activities into one successful effort. The C.Y.C. is divided into four divisions; the Spiritual Activities with Robert Charpentier as chairman; Cultural Activities with Richard Chesbrough, Social Activities with Gerard Boisvert, and the Physical Activities under George Fischer's chairmanship.

School officers are Donald Baker, C.Y.C. president; Alan Stewart, first vice president; Joseph Innamorati, second vice president; Rene Cormier, secretary; Robert Larkin, treasurer; and Thomas Enright, historian.

The C.Y.C. also has its own particular activities. This primarily entails cooperation with St. Bernard's C.Y.C., as in Catholic Youth Week. However, the Notre Dame council is also a part of the sixteen high school area units. The activities on the high school area level are helped by the fine participation from the whole student body.

The C.Y.C. also has importance on the diocesan level. Two years ago the president of the Diocesan Council was chosen from Crusader ranks. And this year the Diocesan Chairman of the large Worcester delegation going to the national convention in Philadelphia was elected, once again, from Notre Dame. The great enthusiasm with which the students take part in Diocesan programs, along with the encouragement and cooperation of Brother Frederic, school principal, are the very reasons why Notre Dame has attained such a position of importance in the Worcester Diocesan Catholic Youth Council.

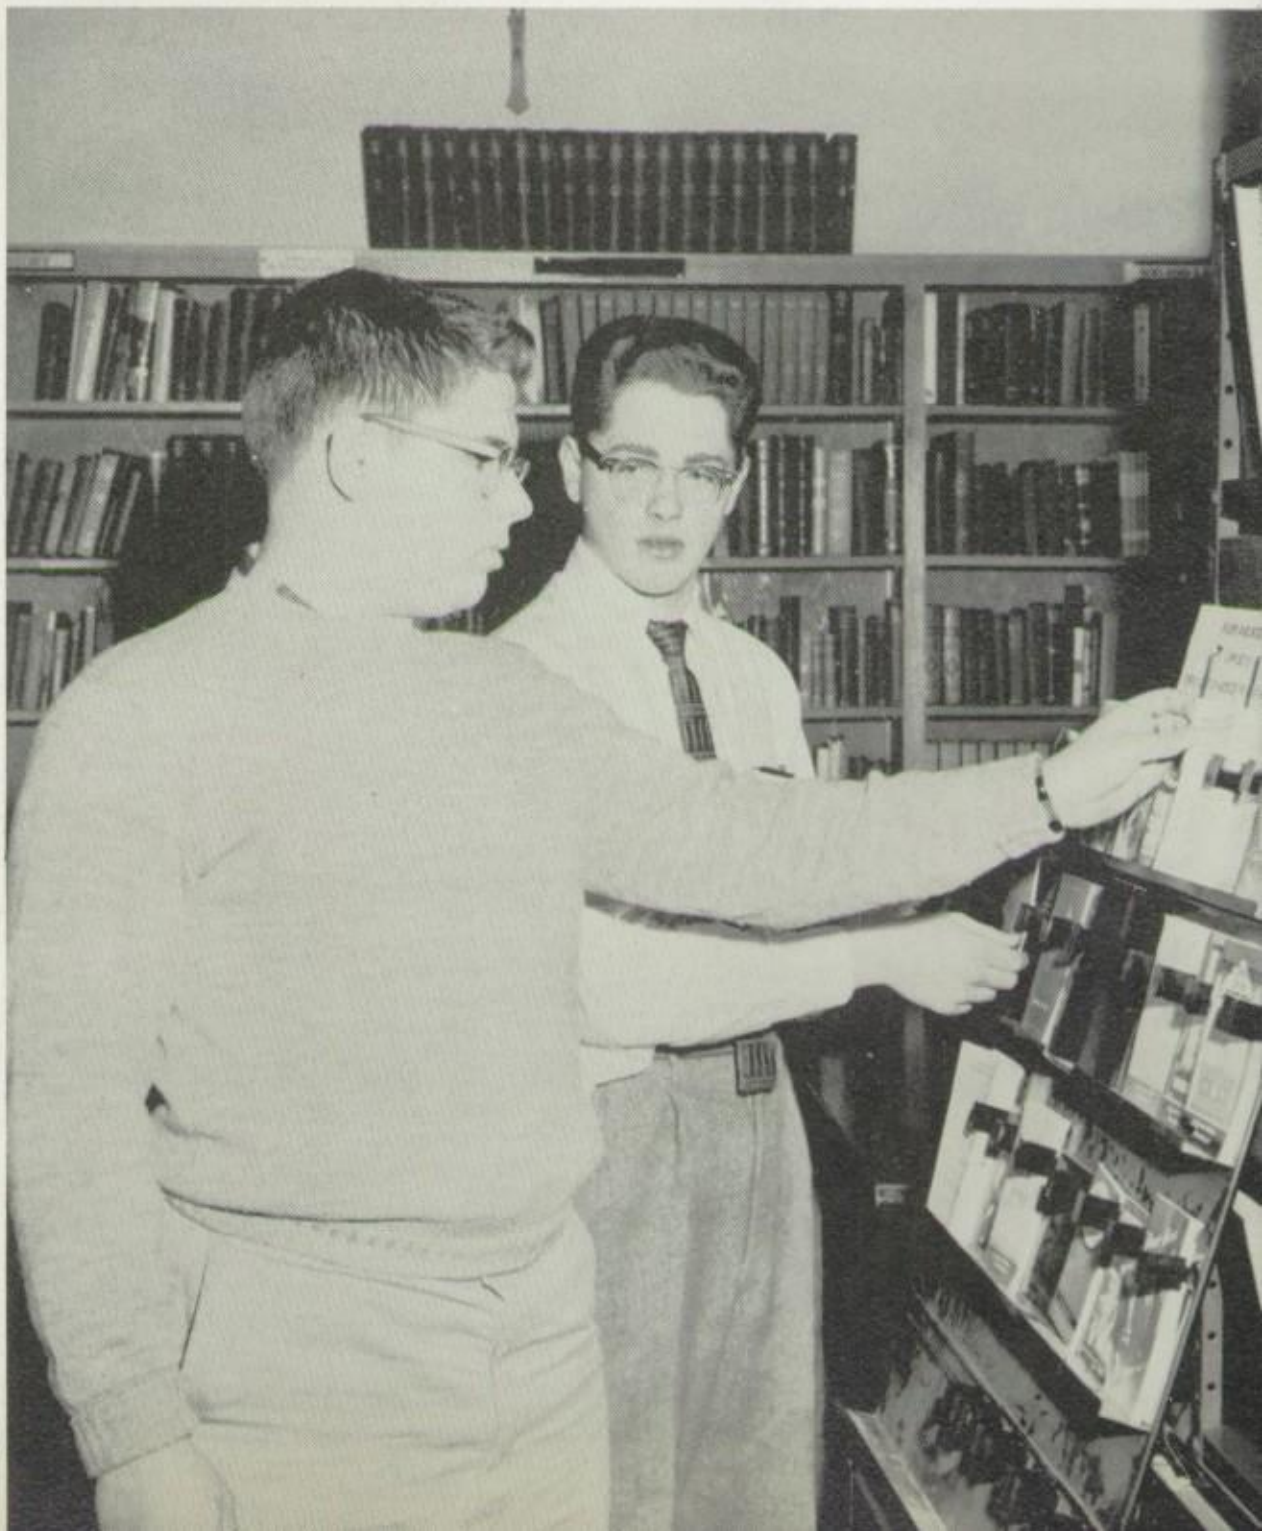
The Library Staff

A very essential part of any well qualified high school or college is its library. It is here that students come for study and research. We at Notre Dame are fortunate in that our school plans to be one of the best equipped libraries in this area.

The library, for the students by the students, is under the watchful guidance of Brother Cecilius, who has been the library moderator since its inception five years ago. The staff numbers about 20 students from all four classes.



Two library staff members, H. St. Pierre and Peter Ward, check religious booklets.

Checking data on the Renaissance are R. Chesbrough, L. Gelinas, and D. Wilson.

Typing up the reports is R. Lawrence under Bro. Cecilius' guidance.

The Notre Dame Glee Club

The Glee Club, under the direction of Brother Giles, S.C., adds a musical note to all school activities. At all assemblies, its members never fail to give a splendid performance, singing in three-part harmony. Last November an enjoyable minstrel show, "Old Manse," was presented by the Glee Club and a few other talented students. The Glee Club also sang at many gatherings outside the school and was well received by all the people. In March the Glee Club opened and closed the talent show, "A Star Is Born," in the Worcester Auditorium under the direction of Allan Zee, a New York producer.

Brother Armand, S.C., pioneer faculty member at the South Street school, is the ever-popular athletic director of all its sports throughout the year. A master-of-arts graduate in history from St. Michael's College, Vermont, he also has great fondness and proficiency in all the mathematics. He originated and now moderates the Notre Dame Chess Club.

The Notre Dame Chess Club

This year at Notre Dame we have a spanking new extracurricular activity. It is known as "The Notre Dame Chess Club" with Bro. Armand as Moderator and Edmund Fitzgerald as its President.

At its first announcement last December the club received little thought, but now as we look back it is easy to see the tremendous progress the club has made. The membership is increasing all the time and intra-school matches are being planned. The Chess Club is sure to become much more popular in the years to come. Weekly meetings are held in Room 6 for instruction and competition.

May

The air is filled with the fresh scents of spring as the track and baseball teams reach the climactic point of their season. The Junior-Senior Prom is the highlight of the month as far as social activities go. The class picnics are another source of entertainment for all students. The Crusader Staff

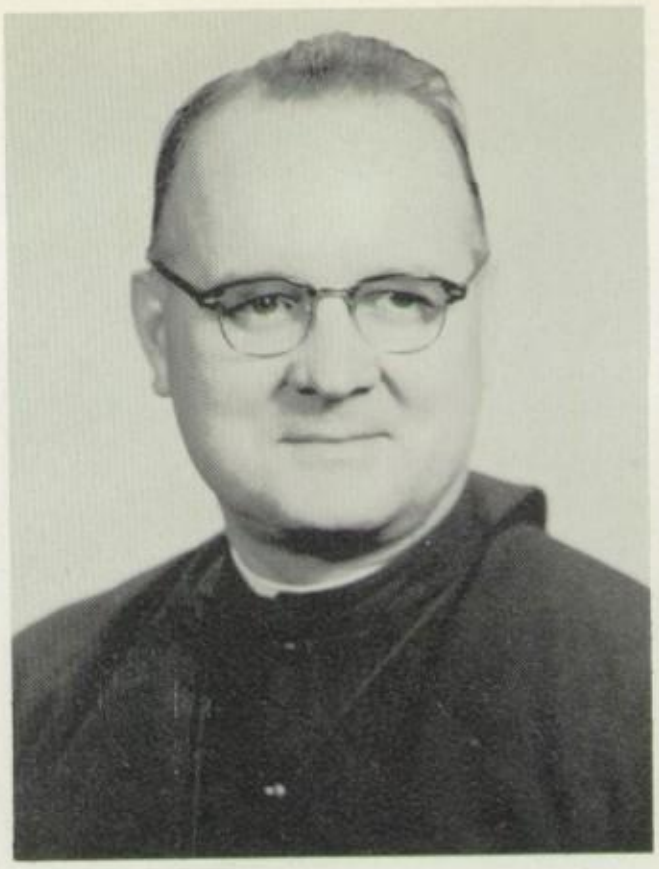
The 1957-1958 "Crusader" Yearbook is the worthy successor to the previous two. Its new ideas and artistry are due to the capable direction of Brother Sebastian, S.C. The theme, "Around the School Year in 180 Days," is well chosen because of the great appeal and impact the film and song have had on publications. Most of the articles were written by Seniors of Rooms 4 and 5 under the supervision of Brother Alphonse, S.C. The many pictures are due to the efforts of Brother Sebastian, Brother Alfred, and Roger Charbonneau, '59. Brother Hermas, S.C., is again the business manager, while Brother Cecilius, S.C., aided this year by senior Joseph Picone, has handled the copy work.

J. Picone, W. Michaud, J. Peistrup, and J. Couture work on yearbook compositions.



BROTHER SEBASTIAN, S.C.

Brother Sebastian, S.C., assistant principal and senior teacher of homeroom 4, is chiefly a mathematics and science teacher, especially physics. His immediate understanding, ready command of words, and genial sense of humor make him an ideal teacher. His artistic talents lend themselves well to the creation of Crusader Yearbook, which have gained wide acclaim. His counseling as the Senior Class Advisor is very much appreciated.

Again, as in the past two years, the Junior Class has been asked to form a committee for the preparation of the annual Junior Prom. The Chairman, Robert Larkin, has been working diligently with his committee, under the direction of Brother Euclid, S.C., in making the necessary arrangements. Plans for a suitable theme with corresponding decorations are being discussed. The Prom itself will come into realization in early May. Reception will again be at the Franklin Manor in West Boylston.

Juniors

In any school it is obvious that the Juniors are the kings of the undergrads. They have gathered knowledge and experience for three years in the undergraduate ranks and they now look to the senior year as one of great expectation and fruition. They are the precious links between the departing students and the oncoming freshmen. They are the custodians of the traditions of the school. Every school activity—be it intellectual, cultural, religious, physical—bears their influence and directions. They live under a shadow now, as it were, but soon they will be called the Seniors.

The Glorious Month of June
Unfolds a Thrilling Crescendo
of Triumph and Achievement.

Dear Graduates of 1958:

It is with great joy and satisfaction that we offer congratulations and good wishes to the graduates of one of the younger institutions of learning in our diocese. Notre Dame High School, founded but a few short years ago, is already distinguished by a record of outstanding scholastic achievement. We are justly proud, and we are grateful that Divine Providence has so blessed the work of your zealous teachers, the Brothers of the Sacred Heart.

As graduates of a new school in an old Church, you have been trained in an atmosphere combining the spirit of youth with the virtues that come with maturity. Never let that spirit of youth die. More than ever before the world needs your enthusiasm, your optimism, your hope, your will to work. Let these qualities be tempered with the prudence, the moderation, the sound judgment exemplified in a Church grown wise and venerable with age. It is our prayer that in this blending of the old and the new, you may find a sure formula for success.

With every blessing and best wish, I am

Faithfully in Christ,

+ John Wright

DOCEAT ME

Around the School Year in

One Hundred and Eighty Days

In nearly every worthwhile endeavor there is always a group of men to whom we often render this distinct praise: "They are the ones without whom this work would have been impossible. The same is true of the Crusader Yearbook. To bring the students of Notre Dame such a wealth of pages in story and picture would have been an impossible financial task without the generous donations of Our Sponsors. It is to their generosity and belief in education that the students owe this pictorial record of their trip around the school year. These listings are the faint praises of our overwhelming gratitude.

Epilogue

The Commencement Exercises of Friday, June 13, 1958 toll the knell of another parting school year. The glorious trip and the unforgettable adventures described in the theme "Around the School Year in 180 Days" come to a glorious end. All is memory now. And yet—no! There remain fixed in the mind those saving truths learned day after day in the classics and sciences; there remain fixed in the heart those great student friendships, those great moments of togetherness in triumph and achievement, in activity and sport. We disembark now from the school-guided travel in the paths of knowledge and virtue. We must refresh and re-invigorate our weary minds and bodies and measure whether our self-government during the long summer holidays equals the boast of our newly-acquired knowledge and virtue.
